

Statutory Notice of Forthcoming Executive Key Decision

Published in Accordance with The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 ("the Regulations")

Title:	Securing the Healthy Child Programme
Summary:	The combination of year on year reductions in public health grant until 2020/21, increased demand on health visiting and school nursing services following the recent Ofsted inspection, and the ongoing transformation of wellbeing prevention and early help services has created a risk of unprecedented level of instability in delivering the children's public health services. This can be mitigated by a systematically joining up the public health services for our children and young people with the wider services that the Council provides for our children and young people. This report informs decision making in relation to the future commissioning and service model for the Healthy Child Programme.
