## **1. Welcome and Apologies**

The Chair, Peter Martin, welcomed everyone to the meeting. Apologies were received from Helen Sage and Kelsang Pagba.

## **2. Minutes of the Meeting held on 25 April 2022**

The minutes of the last meeting held on 25 April 2022 were agreed as a true and accurate record.

## **3. RE Council of England and Wales Draft Handbook**

The Chair welcomed Ben Wood, Head of RE at Haslingden High School, to the meeting.

The publication of the handbook came on the back of the Commission on RE which was the paper produced in 2018. The draft handbook had been worked on by a lot of RE professionals. Members were informed that Ben Wood was a member of the expert advisory group for the handbook.

When the Commission on RE published its national plan for RE in 2018 it identified three areas of importance:

- Proper funding for teacher training.
- Proper timetable time for indepth study of RE.
- A national entitlement of what should be taught up to the age of 16.

The draft handbook was published at the beginning of May 2022 and had been in development for around 18 months. It contained some of the history, the background and the rationale for the ideas contained on the Commission on RE.

The key section of the document was the Revised National Statement of Entitlement. The rest of the handbook provided details on guidance.

One of the key ideas behind what the Commission on RE was proposing was the concept of Worldview which described how a person encountered, interpreted, understood and engaged with the world.

The Revised National Statement of Entitlement (NSE) looked at three areas:

- Subject content.
- Subject engagement.
- Subject position – everybody had a Worldview.

The NSE presented a realm of religion and worldviews to explore. It explained that with any exploration you had to choose the right tools for the job and a suitable route to engage with the subject. It also talked about the personal perspective that everybody brought to the subject.

The work that the Religious Education Council (REC) had been doing was funded by the Templeton World Charity Foundation and the project was running from 2021 – 2024.

Phase 1 of the project was the development of the draft handbook in May 2022. Phases 2 and 3 were to do with framework development. Three teams were working with schools to develop sample frameworks that applied the handbook and the NSE.

Lancashire SACRE was informed that the revised handbook would be published in the spring or summer of 2024.

Comments and questions were as follows:

- Members were happy that the whole of the UK was engaged in the process. It made sense to have a joint view.
- The question of whether children would be asked for their views was raised. The team that Ben worked with had two key underlying principles. There was more study of people from the local community and information from this was being used. Engagement with young people was vital and the subject must have relevance to them.
- There was a query about whether there was any conflict between the worldviews approach and Lancashire SACRE's emphasis on shared human experience. There was no conflict foreseen. Everyone had their own perspectives and backgrounds.
- The Ofsted Inspection Framework required schools to implement a curriculum that was well sequenced and clearly structured so that knowledge was built on cumulatively towards clear end points. There was a query about whether a curriculum that incorporated a worldview approach would meet this tight requirement. RE had the ability to be done in different ways to reflect local contexts and different ways of approaching the subject.
- The Expert Advisory Group was looking at other ways of assessing RE. There had to be a closer link with the content of the subject of RE and the way it was being studied.
- Legislation was a complex area. If there was full academisation by the end of the decade SACREs would not have a definite role regarding setting the syllabus. There had to be work done around what the role of SACREs might be in the future.

Ben Wood was thanked for attending the meeting and for his informative presentation.

#### **4. SACRE Self-Evaluation Toolkit**

Alison Lloyd shared the new NASACRE self- evaluation Tool which would help Lancashire SACRE evaluate their effectiveness and inform their plans for improvement.

Regarding the SACRE Self-Assessment Tool, it was decided at the last QSS meeting to look at one section at a time at various times throughout the year.

In terms of the current Lancashire SACRE Development Plan, Alison had highlighted the things which had been done and where the plan was currently up to. SACRE members were encouraged by the amount of green areas in the Development Plan which showed the good progress being made so far.

The Lancashire SACRE Development Plan was a two-year plan. However, after the Lancashire SACRE's evaluation in September and following analysis of the school's survey, the plan might need to be tweaked a little because it did change quite rapidly. SACRE members accepted the development plan for further work in September.

Comments and questions raised were as follows:

- Regarding 'Key Area 1g – Relations with the Academies' in the SACRE Self-Assessment Tool, it was felt that this was an important area for development.
- There was opportunity to seek an academy co-optee representative to sit on the Lancashire SACRE.
- In terms of Objective 1.3 in the Lancashire SACRE Development Plan, there was a query about the consultation work on exemplifications for KS1 and KS3 which reflected any non-religious traditions. It was felt that this work would be overtaken by the exemplar curriculum units being produced within phase 2 of the draft REC handbook. Statistics on this would be considered after the census in October 2022. Practising teachers were used as RE consultants in Lancashire. As consultants they worked with other schools.

#### **5. Officer Report to SACRE and RE Newsletter**

The report pointed out that all schools had been asked to complete the annual self-evaluation survey. The final date for submission was 30 September. Findings could be shared with the SACRE at the QSS meeting on 2 November 2022.

On 25 May and 8 June, training was provided for primary and secondary schools on effective assessment in RE. New resources were shared to help schools in finalising their end of key stage assessment judgments. These were uploaded to the RE website. 70+ primary schools attended the training, together with 20 secondary schools.

The RE website had been completely revamped and the new website would be launched in September 2022. This would be an agenda item for the September meeting of the Lancashire SACRE.

On Monday 3 October 2022 there would be a workshop on 'Using the Lancashire Agreed Syllabus in Special Schools'.

There would be free Network Meetings in the autumn term. The focus would be on ways to monitor and moderate standards of religious literacy. There would be an opportunity to consider RE updates, share good practice and discuss challenges and dilemmas with consultants and colleagues from other schools.

The summer term RE Newsletter had been circulated to members.

## **6. Feedback from NASACRE Conference**

The NASACRE Conference was held in May 2022. The conference was held virtually and Peter Martin and Kathleen Cooper attended. It was a full day conference and around 150 delegates attended.

There were 3 major presentations during the conference. The first one was about the Draft Handbook from the RE Council.

The second presentation was presented by HMI, Dr Richard Kueh, on the presentation of scholarly RE, making sure RE was thorough, discreet and serious. The quality of RE was found in a detailed scholarly approach.

At lunchtime the Westhill NASACRE awards were announced. These were awards for projects in developing RE.

In the afternoon Dr David Hampshire, Assistant Director at the Inter Faith Network for the UK, gave a presentation on the analysis of sample SACRE Annual Reports. Resources were very variable from local authority to local authority. Lancashire County Council had always been very supportive of its SACRE in terms of resources.

The conference concluded with a business meeting and then online workshops were set up for the following weeks after the conference.

## **7. Observers' Contributions**

Keith Pennington felt that the Draft Handbook showed a trend towards greater inclusiveness of people of all different beliefs. He was reluctant that the census would be the only source of data.

Robert Ash stated it was important that SACRE reached beyond the normal limits of what might be considered religions to embrace other philosophies and world views. Having a religion might not prioritise beliefs but might prioritise ways of life and conduct as well as society and community.

## **8. Members' News**

County Councillor Terry Aldridge was welcomed as a new member of the SACRE representing Lancashire County Council and replacing County Councillor Nweeda Khan.

Sajda Majeed informed the Lancashire SACRE that Building Bridges Burnley had just celebrated its 20<sup>th</sup> anniversary. They had also resumed their first faith trail since the pandemic.

## **9. Correspondence**

Details of the 'So You've Joined Your Local SACRE' online course had been circulated to members.

## **10. Date of Next Meeting**

The next scheduled meeting of the Lancashire SACRE would be held at 10:00am on Monday 26 September 2022.

March 2022 St Marys CE Primary School Rawtenstall

RE makes a strong contribution to character development. It effectively supports pupils' understanding of different beliefs and helps them to disagree well. The passionate RE leader shares her enthusiasm for the subject with pupils and staff. Training on resources from Understanding Christianity was warmly received. The RE curriculum is carefully designed with regard to the school's context and consequently includes a focus on Islam in

every year group. It is well balanced in terms of the proportion of time spent on Christianity and different faiths. Pupils enjoy RE and discuss their differing beliefs and world views in an atmosphere of respect.

June 2022 St Pauls VC Primary Rawtenstall

.....The curriculum and assessment system show a clear progression of skills..... Pupils have a good knowledge of Christianity and a range of other major faiths and worldviews.

Pupils have regular opportunities to explore core Christian concepts, for example, creation. The RE curriculum is crafted around the context of the school and develops religious literacy. As a result, pupils say, 'If you believe in God or not, Bible stories make me think I can change the world with one tiny thing.' The coverage of a range of major world faiths gives pupils a good insight into the lives of groups in their local and wider community.

- How did it all begin?
- It's not fair!

# SACRE self-assessment tool

## SACRE

Page 1

# **The SACRE Self Evaluation Toolkit**

## **Introduction**

This tool has been created to help SACREs in their essential role to advise the Local Authority (LA) in meeting the entitlement of pupils across the LA to engage in high quality Religious Education (RE) and Collective Worship (CW) and to support the LA to reflect on its practice. In an educational context where standards and accountability are at the top of the agenda, a SACRE's work has become increasingly challenging and diverse, but also more rewarding and stimulating. Good SACREs will therefore tackle their responsibilities as opportunities, with enthusiasm, whilst recognising the need for realistic and ongoing appraisal and self-review.

In many ways, SACREs reflect the work of governing bodies in schools, in so far as they act as critical friends to the LA on matters of RE and CW. Like school governors, members are unpaid volunteers who give up their time to support RE and CW locally.

This toolkit is an amended version of the 2015 document. It takes account of changes in inspection arrangements and in the role of LAs, and of the development of maintained schools independent of their LA. It is designed to help individual SACREs evaluate their effectiveness, including considering their impact on pupils' educational experience and learning. It also helps SACREs review their organisational patterns and structures, and their partnership with the LA and other key stakeholders.

The toolkit highlights five key dimensions of SACRE's work and provides exemplification of good practice. A SACRE that uses this self-evaluation guidance should gain a clear picture of its strengths, identify areas for further development, and establish key priorities for action.

The DCSF publication "Religious education in English schools: Non-statutory guidance" (2010) ("the Guidance") remains the most recent official statement in this field: <https://www.gov.uk/government/publications/religious-education-guidance-in-english-schools-non-statutory-guidance-2010>. The Guidance sets out the responsibilities of SACREs and LAs as well as those of other stakeholders in RE. Key summaries from the Guidance are included in the Annex to this document.

## **Rationale**

The SACRE self-evaluation toolkit focuses on the following five aspects of the work of SACREs:

1. Management of the SACRE and building the partnership between the SACRE, the LA and other key stakeholders
2. Promoting improvement in the standards, the quality of teaching, and provision in RE
3. Evaluating the effectiveness of the locally agreed syllabus
4. Promoting improvement in the provision and quality of collective worship
5. Contributing to cohesion across the community and the promotion of social and racial harmony.

Each aspect forms a section within the toolkit and each section is divided into focus questions to help SACREs explore their provision. Descriptors for 'Requires improvement/struggling', 'Developing', 'Established' and 'Advanced' practice will enable SACREs to evaluate their standing within each focus question.

In the final column, SACREs may wish to identify any issues and action points within that focus, as appropriate. Key priorities can then be identified at the end of each section to inform the development of an action plan.

The intention is that, over time, exemplars of good practice from different SACREs will be made available on an open website, together with annual reports, as a way of adding further support to SACREs and LAs. Clearly the capacity of any SACRE to make the most of this will be dependent on the extent of the support it receives from, and the quality of its relationship with the LA.

SACREs are invited to use the format of this evaluation in conjunction with their annual report.

## Section 1: Management of the SACRE and partnership with the LA and other key stakeholders

### *How far does the SACRE's partnership with the LA enable it to carry out its responsibilities effectively?*

*(Taken from 2010 DfE Checklist for an effective partnership between an LA and its SACRE/ASC)*

- Does the LA and the SACRE/ASC carry out their statutory duties?
- Is SACRE/ASC properly resourced and well supported by subject specialist advice and training?
- Do members of the SACRE/ASC have a shared vision and understanding of their aims and purpose, seeking to sustain their positive work in the light of changing needs and priorities?
- Are SACRE/ASC meetings purposeful and focused on the major priorities of improving the quality of RE (and CW) in schools?
- Is the SACRE/ASC well informed about the quality of RE in schools and about wider LA and national priorities and developments affecting the subject?
- Has the LA adopted a high-quality agreed syllabus that provides a good grounding for planning, teaching and learning in RE and enables the schools to deliver RE as part of a coherent curriculum?
- Is there an effective process of reviewing, revising, implementing, monitoring and evaluating the locally agreed syllabus?
- How far does the SACRE's partnership with the LA enable it to help teachers and schools raise standards in RE and the quality of RE teaching?
- How far does the SACRE contribute effectively to the community cohesion agenda by supporting inclusion in schools and improving engagement within the community?

LAs must adequately fund SACREs to enable them to carry out their statutory duties and to support high quality RE and collective worship in schools.<sup>1</sup> We consider 2% of the CSSB to be a reasonable spend to enable this. LAs must set aside sufficient money to ensure the Agreed Syllabus review can be effective every five years.

We reiterate that as a minimum expectation, LAs must provide the following:

- a clerk
- a professional officer who has expertise in RE curriculum design
- a publicly accessible place to meet
- the reasonable expenses of members
- publishing the agreed syllabus and other SACRE materials (including agendas and minutes), most usually on the LA website
- NASACRE subscription and AGM attendance.

1. The Minister for School Standards, Nick Gibb MP, included this statement in response to a parliamentary question from Stephen Timms MP: "If the Department is informed that an individual SACRE or ASC is experiencing difficulties in fulfilling its statutory duties, the Department will contact the local authority to remind them of their duty to support their activities satisfactorily."

2021HC Deb, 28 March 2018, cW <https://questions-statements.parliament.uk/written-questions/detail/2018-03-28/134697>

<sup>1</sup> *ibid.*, page 11

The relationship between a Local Authority and its SACRE is essentially one of partnership and collaboration, with mutual obligations and statutory responsibilities. So that a SACRE can advise and act effectively for the LA in the field of Religious Education and Collective Worship, the LA must ensure not only that there is a local SACRE, but also that it is able to fulfil its functions. The extent to which a SACRE is supported by funding and personnel, will determine how well individuals and committees can work together. Where a SACRE is valued by the LA, it is more likely that members of the SACRE will be able to contribute both to SACRE's work and to the LA's wider strategic objectives.

By bringing together many local stakeholders (faith/belief communities, teachers, local politicians and co-optees such as universities and parents) into a statutory body, SACREs can act positively for LAs as a sounding board on their core business of RE and CW, and also on wider strategic educational objectives such as raising standards, narrowing the gap and promoting community cohesion, as well as community matters related to interfaith collaboration and wellbeing. Core and value-added functions work best when the SACRE is appropriately supported, resourced and managed, and when channels of communication with the LA are good.

The potential for SACREs to contribute more widely is dependent on SACRE members feeling that the meetings are outward looking, focused on pupil needs, purposeful and enjoyable. This can be achieved, for example, by meeting in different locations (schools, places of worship, cultural centres and council meeting rooms) and by ensuring that all members feel they are equal partners whose views and experiences are sought, listened to and valued.

Alongside this, SACRE has the power to develop structural relationships with academies, etc. by exploring ways in which an academy "presence" can be incorporated into SACRE, e.g., by co-options (non-voting), through additional places in Group C (teacher organisations), or by creating a non-voting notional "Group E" (as had been envisaged in the Grant Maintained era). Similar considerations apply to the ASC. Although the legal framework would currently not allow voting rights to any distinct academy representation, SACREs and ASCs would surely not wish to proceed with decisions which were clearly not acceptable to the academy sector represented in their wider membership.

## Section 2. Standards and quality of provision of Religious Education

***How effectively does the SACRE, in partnership with the LA, evaluate standards and the quality of provision for RE in schools?  
How effective are the strategies to improve standards and the quality of provision?***

In principle, every pupil is entitled to RE of the highest quality. At its best, RE will be one of the most popular, relevant, stimulating and truly educative elements in the curriculum. This potential gives SACREs both a benchmark for aspiration and a spur for action.

A core duty of a SACRE is to gain an overview of the quality of the RE provision in local authority maintained schools and to develop effective strategies to promote the highest standards. SACREs may also request information from academies, academy chains and free schools where they educate pupils from the LA which appointed SACRE. In the light of the current inspection culture of partnership and self-evaluation, SACREs will need to adopt an astute and sensitive approach to achieve this overview.

Information to assist SACRE in carrying out its role is likely to come from a range of sources, which may include:

- public examination results
- reports from School Improvement Partners
- analysing questionnaires
- sharing of information from subject self-evaluation forms as appropriate, and in agreement with schools
- feedback from professional development activities
- presentations to SACRE from local teachers

The Guidance offers analysis and advice to support SACREs in reviewing their own effectiveness, their patterns of partnership, and their strategies in relation to enhancing the quality of RE provision in local authority maintained schools. In addition, in the light of the development of academies and other non-LA maintained schools, SACREs also need to take note of and respond appropriately to this new diversified scenario. (In the ensuing pages, the phrase “academies etc” is used as shorthand to refer to all non-LA maintained schools within a particular LA area.

| Key Area: <b>2a - RE provision across the LA.</b> <i>How effectively does the SACRE gain information about RE provision in schools and put in place strategies to support the delivery of pupil entitlement?</i> |   |                          |

| <b>Requires improvement/struggling</b><br>A SACRE in this position would:  | have no routes by which SACRE can gain information about RE provision in schools.   | <input type="checkbox"/> |
| <b>Developing</b><br>A SACRE with developing practice would:   | have little knowledge of which schools are fulfilling pupil entitlement in RE because local processes are insufficient to gather such information (e.g. a website trawl)  | <input type="checkbox"/> |
| <b>Established</b><br>A SACRE with established practice would:   | have some knowledge of which schools are providing adequate time for effective learning in RE and have a scheme of work that enables them to deliver the AS. SACRE's process for acquiring this information is adequate but lacks coherence. Have limited opportunities to implement strategies in support of pupil entitlement. Ofsted reports are read and any comments on RE noted and brought to SACRE.   | <input type="checkbox"/> |
| <b>Advanced</b><br>A SACRE with advanced practice would:   | build upon a strong relationship with the LA, whereby the LA shares its information and from this SACRE gains an overview of RE provision within the LA. It works effectively with the LA to support and promote pupil entitlement. Examples of different models for fulfilling pupil entitlement within local schools will be shared with all schools so that schools can have a menu from which to adapt an approach that delivers pupil entitlement whilst meeting the specific needs and priorities of their schools. | <input type="checkbox"/> |

| <b>Developing</b><br>A SACRE with developing practice would:  | have limited knowledge of standards in primary and secondary schools including examination entries. The SACRE has no clear strategy to address this and the local authority does not adequately invest in professional support for this. Analysis would be limited as would strategies to address issues.    | <input type="checkbox"/> |
| <b>Established</b><br>A SACRE with established practice would:  | have some process in place to find out how well learners are doing in KS 1-3, (e.g. by meeting teachers, pupils and through the LA). SACRE will be provided with adequate information about examination entries and standards in examinations in secondary schools and how these relate to national figures. | <input type="checkbox"/> |
| <b>Advanced</b><br>A SACRE with advanced practice would:  | have robust processes with the LA whereby SACRE can gain accurate information about standards in schools and examination entries in all secondary schools, with useful analysis that enables it to address issues effectively in partnership with the LA.  | <input type="checkbox"/> |

## Section 3: The effectiveness of the locally agreed syllabus

***How effectively does the SACRE, in partnership with the LA, monitor the impact and evaluate the effectiveness of the agreed syllabus in raising standards? How effectively does the Agreed Syllabus Conference in partnership with SACRE make decisions about the use of national guidance and exemplar material in a review of the agreed syllabus?***

The locally agreed syllabus (AS) is the bedrock on which schools will build robust sequences of effective learning experiences in RE. A good, recent AS will support both the delivery of high quality RE in schools and RE's contribution to the schools' wider curriculum aims and impact.

The major factors to be considered in creating or revising an AS include statutory requirements, non-statutory guidance and exemplar material, developments in the school curriculum generally, and local circumstances. Key advice on producing an AS is given in the Guidance. SACREs and ASCs are recommended to take note of this advice in their work on the AS.

LAs are required to review their AS at least every five years. This cycle of reviewing, revising, re-launching and re-implementing the AS gives SACREs and ASCs opportunities for ongoing development and improvement of their effectiveness in providing schools with an AS that is truly "fit for purpose".

While the ASC holds the legal responsibility for revising the AS, in practice much of the preparatory and supplementary work will be carried by the SACRE within its routine business. Moreover, in most LAs the membership of SACRE and ASC overlap substantially or are identical. This can contribute to greater inclusivity and coherence, but good practice will ensure that it is always clear at any time which body is in place at a meeting, and that it is the ASC which is in session when decisions about the AS are considered.

Academies, etc. are, in principle, free to choose their own RE syllabus. In practice, however, many may well continue to use their local AS. There are some sound reasons for SACRE and the LA to encourage this where possible, and to enable academies, etc. to have some involvement in the process of revising the AS or of devising a new AS. Relationships between SACREs and academies will necessarily be entirely voluntary and not covered by legislation or guidance. SACREs should therefore approach such relationships in a spirit of mutual respect and collegiality. These issues have not been incorporated into the matrix below, but see Section 4.

| Key Area: 3a – The review process   |   |                          |
|---|---|--------------------------|
| <i>How does the SACRE review the success of the existing agreed syllabus?</i> |   |                          |
| <b>Requires improvement/struggling</b><br>A SACRE in this position would:     | not have any way of contacting schools to carry out a review of the existing syllabus. It will not be supported by the LA or professional support.  | <input type="checkbox"/> |
| <b>Developing</b><br>A SACRE with developing practice would:                  | have limited arrangements in place to monitor the impact of the AS, particularly in raising standards, providing little or no opportunity to review the effectiveness of the AS. Not know the views of teachers and have had no systematic evaluation of the strengths/weaknesses of the syllabus. Unclear how to proceed with the five-yearly syllabus review and there is little or no budget allocation from the LA. Have little knowledge of wider recent RE national guidance, research and developments.  | <input type="checkbox"/> |
| <b>Established</b><br>A SACRE with established practice would:                | have reviewed the opinions of schools and RE teachers in several ways and have a good idea of the strengths/areas of weakness of the current AS. Have devised a costed action plan in partnership with the LA, and been allocated a sufficient budget for the AS review and relaunch.   | <input type="checkbox"/> |
| <b>Advanced</b><br>A SACRE with advanced practice would:                      | have a clear and systematic process for monitoring the effectiveness of the AS built into its development plan. Reviewing the AS includes full consultation with schools and other key stakeholders, including faith communities and academics. Issues that have arisen have been discussed and addressed in planning for a review. An ASC budget has been planned and allocated in partnership with the LA to include consultation meetings, administrative support and design/distribution costs. There is a strong sense of shared ownership of the prospective AS review, with clear targets for what needs to be achieved. | <input type="checkbox"/> |

| <b>Established</b><br>A SACRE with established practice would:   | ensure that the AS provides a clear framework for and expectations of learning in RE. | <b>Requires improvement/struggling</b><br>A SACRE in this position would:   | not have a launch for the new syllabus. | <b>Developing</b><br>A SACRE with developing practice would:  | provide for no special launch or other publicity, so that schools are unaware of the significance of the syllabus revisions for learning and teaching in RE. | <b>Established</b><br>A SACRE with established practice would:  | use other forms of communication (for example the LA website) to promote the launch. Provides effective training on implementing the AS, which is supported by all schools, leads to teachers being clear about standards and expectations in the AS and the implications for teaching and learning. ## Section 4. Collective Worship

### *How effectively does the SACRE fulfil its responsibilities for the provision and practice of Collective Worship?*

Maintained schools are required to provide a daily act of Collective Worship for every pupil. In community schools not having a religious foundation, the acts of CW should be “wholly or mainly of a broadly Christian character”, without being distinctive of any particular denomination. Part of a SACRE’s role is to support the effective provision of CW in community schools and to advise the LA on issues related to provision and quality. It must also consider applications from headteachers in community schools that the requirement for CW to be wholly or mainly of a broadly Christian character be disapplied for some or all of the pupils in that school. SACRE ‘determines’ the appropriateness of that application and grants a ‘determination’ to those schools where the application is judged to be in the best interests of the pupils. All pupils in schools with determinations continue to have an entitlement to daily CW.

CW can be a rich and rewarding element of the curriculum as a whole and SACREs have the opportunity to enhance its quality by offering appropriate guidance and support.

| Key Area:4a – Supporting pupil entitlement  |   |                          |
|---|---|--------------------------|
| <i>What strategies are in place to enable the SACRE to support the delivery of pupil entitlement in the LA’s schools?</i> |   |                          |
| <b>Requires improvement/struggling</b><br>A SACRE in this position would:   | not have any knowledge regarding the provision of CW nor have any mechanism in place to gain such knowledge.  | <input type="checkbox"/> |
| <b>Developing</b><br>A SACRE with developing practice would:  | be unaware of the issues facing schools in providing CW as part of the pupil entitlement. Provide little advice or support towards fulfilling pupil entitlement to CW.  | <input type="checkbox"/> |
| <b>Established</b><br>A SACRE with established practice would:  | understand local issues of delivering pupil entitlement and of the challenges schools face in providing CW. Provide some advice in support of delivering pupil entitlement. Seek to ensure that schools had access to, and advice on, appropriate resources for the delivery of CW.   | <input type="checkbox"/> |
| <b>Advanced</b><br>A SACRE with advanced practice would:  | have a balanced and realistic overview of provision and its challenges across the LA. Provide or arrange for systematic support and guidance for schools experiencing difficulty in delivering pupil entitlement. Obtain feedback from schools to evaluate the impact of advice and support. Periodically review its strategies for supporting pupil entitlement. | <input type="checkbox"/> |
| <b>Where are we and where do we find evidence to support this?</b>  |   |                          |

| Key Area: <b>4b – Enhancing the quality of provision of collective worship</b><br><i>How does SACRE seek to influence the quality of collective worship in the LA's schools?</i> |  |                          |
|--|--|--------------------------|
| <b>Requires improvement/struggling</b><br>A SACRE in this position would:  | not be able to influence the quality of CW due to lack of support either from the LA or CW/RE professional. Have no knowledge of what good quality CW in schools looks like.   | <input type="checkbox"/> |
| <b>Developing</b><br>A SACRE with developing practice would:   | not be adequately supported by the LA / RE professional to promote quality provision of CW. Have agenda items about CW dominated by the issue of how SACRE obtains data. Have little understanding of the nature and potential of CW and of what effective provision in each school might be.  | <input type="checkbox"/> |
| <b>Established</b><br>A SACRE with established practice would:   | have occasional agenda items on CW, with some insight into how it is being delivered in the LA's schools. Understand what effective provision is, but SACRE members have little 'hands-on' experience of CW. Promote in-service support for teachers with responsibility for CW. Advise on enhancing quality of provision.   | <input type="checkbox"/> |
| <b>Advanced</b> A SACRE with advanced practice would:  | have a good overview of quality of provision across the LA, with information from the LA and from presentations by schools. Have first-hand experience of CW in schools. Disseminate good practice in consultation with schools and teachers. Sponsor an ongoing programme of in-service development, and assist schools in evaluating and enhancing the quality of their provision. | <input type="checkbox"/> |

|--|--|--------------------------|
| <b>Requires improvement/struggling</b><br>A SACRE in this position would:  | not have any understanding of what a determination is. Have no documentation for schools to use to make application for a determination.   | <input type="checkbox"/> |
| <b>Developing</b><br>A SACRE with developing practice would:   | have had little or no experience of any requests for a determination, and have given at most only minimal attention as to how it might respond to such a request, due to a lack of support provided to SACRE by the LA via a professional officer. Found unprepared and at risk of making an unsound decision or giving erroneous advice by a request for a determination.   | <input type="checkbox"/> |
| <b>Established</b><br>A SACRE with established practice would:   | be aware that schools have the option of requesting a determination, and that SACRE has a major role in this process. Have provided some training to its members regarding determinations, either directly through working on earlier requests, or through specific elements in developmental sessions. Responds in an adequate but piecemeal fashion, when requested for a determination, without a systematic overview of this area of work. | <input type="checkbox"/> |
| <b>Advanced</b>  | be fully equipped for responding to requests for determinations, with a good understanding of SACRE's responsibilities. Have a well-established and effective framework for responding to requests, with which   | <input type="checkbox"/> |

|  |  |  |
|--|--|--|
| A SACRE with advanced practice would:                              | members are familiar and comfortable. Meet a request with a judicious and well-informed appraisal of the request by SACRE, leading to a sound decision communicated clearly to the school in a context of ongoing advisory support. Periodically review all existing determinations together with keeping the guidance from the RE professional. |  |

## Section 5: Contribution of SACRE to promoting cohesion across the community

***How effectively does SACRE, in partnership with the Local Authority and the faith communities, contribute to the promoting of cohesion across the community?***

“By community cohesion, we mean working towards a society in which there is a common vision and sense of belonging by all communities; a society in which the diversity of people’s backgrounds and circumstances is appreciated and valued; a society in which similar life opportunities are available to all; and a society in which strong and positive relationships exist and continue to be developed in the workplace, in schools and in the wider community”<sup>2</sup>.

Schools play a major role in helping to shape the future of our society, and the duty laid on each school to promote community cohesion is a significant part of that role. One of the most obvious and effective contributors to the community cohesion agenda is Religious Education. SACREs should take every opportunity to promote the contribution of RE to the community cohesion programmes in local schools. Where properly supported by the LA, SACREs themselves can act as powerful vehicles for promoting community cohesion in schools, in education more widely, and in the local community. SACREs should exemplify good practice in their internal relations and in the ways in which they go about their business. Advice on the contribution of SACREs and RE to community cohesion is given in the Guidance.

| Key Area: 5a – SACRE’s membership   |   |                          |
|---|---|--------------------------|
| <i>How representative is SACRE’s membership of the local community?</i>   |   |                          |
| <b>Requires improvement/struggling</b><br>A SACRE in this position would: | rarely meet and its membership will include many vacancies. The LA needs to review its membership and constitution in partnership with the SACRE and fulfil its obligations to convene an appropriately diverse SACRE | <input type="checkbox"/> |
| <b>Developing</b><br>A SACRE with developing practice would:              | have a membership that is not necessarily strongly representative of the religious diversity of the local community. Membership needs to be reviewed.   | <input type="checkbox"/> |
| <b>Established</b>  | have membership that broadly reflects the religious diversity of the local community. This is regularly reviewed by the SACRE in partnership with the LA particularly where there is a high mobility of communities.  | <input type="checkbox"/> |

| <b>Advanced</b><br>A SACRE with advanced practice would:   | have detailed knowledge of the nature of the religious, ethnic and cultural diversity in the local area. # ANNEX

## The responsibilities of a Local Authority

The detailed rights and responsibilities of local authorities can be seen in full in *RE in English Schools: Non-statutory guidance 2010*.

This can be found at <http://www.teachernet.gov.uk/teachingandlearning/subjects/re/guidance/>

In brief, local authorities are legally required to:

- establish a SACRE and appoint representatives to each of the four committees
- establish an occasional body called an agreed syllabus conference (ASC)
- institute a review of its locally agreed syllabus every five years
- appoint members of the committees represented on the ASC
- ensure that membership of Group/Committee A on the SACRE and ASC is broadly representative of the local area
- take all reasonable steps to ensure that SACRE and ASC membership is representative

## The responsibilities of a SACRE

The detailed rights and responsibilities of SACREs can be seen in full in *RE in English Schools: Non-statutory guidance 2010*.

This can be found at <http://www.teachernet.gov.uk/teachingandlearning/subjects/re/guidance/>

In brief, SACREs are legally required to:

- advise the local authority on RE and collective worship
- publish an annual report on their work
- send the annual report to QCDA (or its successor body)
- meet in public, unless confidential information is to be disclosed
- make their minutes available to the local authority and make provision for public access to their agenda and reports

The Guidance also indicates that SACREs should, as a matter of good practice:

- Monitor the provision for both RE and Collective Worship
- Provide advice and support on RE and Collective Worship to schools
- In partnership with the local authority, keep the locally agreed syllabus and provision in schools under review
- Offer advice to the local authority

In addition, SACREs may:

- Require their local authority to review the locally agreed syllabus
- Decide to advise their local authority
- Co-opt members who are not members of any of the four groups.

The Guidance also makes it clear that SACREs can and should make a strong contribution to the promotion of community cohesion in schools and in the local community through their promotion of good quality RE and through their operation as a SACRE.
