Notices of Motion

Three Notices of Motion had been submitted under Procedural Standing Order 14.2.1(a), which had been published and circulated to members.

The Chairman determined that Full Council consider the Motions in a different order from that in which they were listed in the papers, and that Motion number 2, relating to a contract for the supply of electricity, be considered last.

It was then moved by the Chair and seconded by County Councillor David Borrow that Full Council consider whether, under Section 100A(4) of the Local Government Act, 1972, it considered that the public should be excluded from the meeting during consideration of the Notice of Motion relating to a contract for the supply of electricity, on the grounds that there would be a likely disclosure of exempt information as defined in paragraph 3 of Part 1 of Schedule 12A to the Local Government Act, 1972.

On being put to the vote the Motion was carried and it was,

Resolved: That the press and members of the public be excluded from the meeting during consideration of Notice of Motion relating to a contract for the supply of electricity on the grounds that there would be a likely disclosure of exempt information as defined in paragraph 3 of Part 1 of schedule 12A to the Local Government Act, 1972. It was considered that in all the circumstances the public interest in maintaining the exemption outweighed the public interest in disclosing the information.

The following **Notices of Motion** had been submitted under Procedural Standing Order 14.2.1(a).

1. The Chadwick Centre

It was moved by County Councillor Geoff Driver and seconded by County Councillor Susie Charles that:

"The Chadwick Centre provides education for some vulnerable and troubled children and young people and it is extremely disappointing that following its recent inspection, Ofsted has classified it as 'inadequate' and said it is in need of 'special measures'.

Council therefore instructs the Officers to report to an early meeting of the Education Scrutiny Committee setting out the measures proposed to address the very serious problems highlighted in Ofsted's report."

County Councillor Niki Hennessy moved the following **Amendment** which was seconded by County Councillor Nikki Penney.

That the second paragraph be deleted and replaced with:

"Council notes the track record of the School's Improvement Team in working with school's in challenging circumstances and its history of working with schools to take them out of Ofsted categories. Council welcomes the work that is already being done by both the LA and the Management Committee of the school and looks forward to hearing of further progress in the future."

Following a period of debate the Amendment was put to the vote and was carried and therefore became the Substantive Motion.

County Councillor Bill Winlow moved the following further **Amendment** which was seconded by County Councillor Susie Charles:

That the following words be added to the second paragraph:

"and that Education Scrutiny Committee be requested to consider the matter as soon as possible."

County Councillor Hennessy accepted the further Amendment.

The Amended Motion was then put the vote and was carried and it was

Resolved: That,

"The Chadwick Centre provides education for some vulnerable and troubled children and young people and it is extremely disappointing that following its recent inspection, Ofsted has classified it as 'inadequate' and said it is in need of 'special measures'.

Council notes the track record of the Schools' Improvement Team in working with schools in challenging circumstances and its history of working with schools to take them out of Ofsted categories. Council welcomes the work that is already being done by both the LA and the Management Committee of the school and looks forward to hearing of further progress in the future, and that Education Scrutiny Committee be requested to consider the matter as soon as possible."

3. Road Safety

It was moved by County Councillor Graham Gooch and seconded by County Councillor Tim Ashton that:

"Council is concerned to learn that the number of people killed and seriously injured on Lancashire's roads increased by 14 per cent in 2014/2015 and therefore instructs the Officers to report to the Health Scrutiny Committee setting out the measures proposed to reverse this alarming trend."

County Councillor John Fillis moved the following **Amendment** which was seconded by County Councillor Steve Holgate.

Delete the words

"...and therefore instructs the Officers to report to the Health Scrutiny Committee setting out the measures proposed to reverse this alarming trend."

Add the words

"....This has been an upward trend year on year since 2012/13, despite the fact that 20 mph areas were introduced right across the county, costing £5.763 million, which in some cases have failed to deliver the road safety improvements as promised at the time.

The council recognises the move towards evidence based road safety work, introduced in 2014/15, being undertaken, which so far is seeing a month by month reduction in the number of people being killed or seriously injured, January to June 2015, on our roads in comparison to the same time last year.

Council notes that a report on road safety is already scheduled to be considered by Scrutiny Committee at its meeting on 16 October and requests that the Committee consider both policies in order to make recommendations on future road safety policy."

On being put to the vote the Amendment was carried and it was,

Resolved: That,

"Council is concerned to learn that the number of people killed and seriously injured on Lancashire's roads increased by 14 per cent in 2014/2015. 2. Contract for the supply of electricity for street lights

(Not for Publication – Exempt information as defined in Paragraph 3 of Part 1 of Schedule 12A to the Local Government Act, 1972. It is considered that in all the circumstances of the case the public interest in maintaining the exemption outweighs the public interests in disclosing the information).

Confidential and commercially sensitive background information relating to the following Notice of Motion was circulated to all members and the meeting was then adjourned for ten minutes to enable members to consider the additional information.

The meeting reconvened and,

It was moved by County Councillor Geoff Driver and seconded by County Councillor Allan Schofield that:

"Following the report to the Executive Scrutiny Committee on 19 May 2015 on the revised contract for the supply of electricity for street lights, Council is concerned that the information requested on the comparative costs of the new arrangements has still not been provided. Council therefore instructs the Officers to report to an early meeting of the Scrutiny Committee:

- (i) Setting out the difference between the likely costs the County Council would have incurred in 2015/2016 if the lowest tender under the original and aborted tender process had been accepted and the likely costs the County Council will incur in 2015/2016 under the arrangements and new contract agreed by the Executive Scrutiny Committee.

- (ii) Explaining why the terms of the County Council's proposed contract were not acceptable to the company which submitted the lowest tender under the original tender exercise."

Following a period of debate the Motion was put to the vote. Six County Councillors requested a recorded vote in accordance with procedural Standing Order 15.2 (9.4).
