4.4 How will the money benefit people in the Councillor(s) division(s)?

See guidance notes section – 2.3. You need to tell us how this money will help your organisation specifically and also the general public who live in the county councillor(s) electoral division, for example will it help bring people together or help stop anti-social behaviour.

The UK has lost 97% of its wildflower meadows since the 1940's. The importance of restoring or creating these beautiful areas of valuable habitat cannot be overstated

The benefit gained by people and wildlife from a wildflower meadow is recognised and well documented.

Haslam Park and Nature Reserve is fortunate in having areas suitable for meadow creation and improvement.

Over the last 3 years FoHP working with Lancashire Wildlife Trust have done the groundwork on approximately 2000 square meters of grassland. It was necessary to reduce the soil fertility by cutting and raking off tough rank vegetation. Two grasslands are now ready for the introduction of perennial plants. The preferred method for success rate is to use plug plants.

We will buy the plants from 'Lets Grow Preston' (LGP) a registered charity set up to support community environmental projects across Preston. LGP provide networking opportunities, public liability insurance and other assistance to community projects across the city. They produce a range of garden plants and wildflowers to support their charitable work.

We are happy to be able to purchase wildflowers from a local charitable organisation as it supports their work. There are also added benefits to us as their products are considerable cheaper than the traditional retailers and they will grow, from seed, the plants we want.

Planting plugs of perennial flora to increase the number and variety of native plant species will vastly improve the aesthetics and be of tremendous value to wildlife.

Annual maintenance involves one late cut.

The new wildflower meadows will add interest for all from the serious botanists to people just out for a stroll. Flowers are a talking point to promote communication between people. Visitors will experience pleasure from the colourful flowers and the buzz of life. The joyful sight of a colourful meadow lifts the spirits and is food for the soul. Both chosen sites being close to paths are visible and easily accessible.

Invertebrates are a vital cog in the food chain. The pollinators and pest predating insects associated with wildflowers are of benefit to the crops grown on the nearby allotments and in local gardens. There will also be more pollen for honey bees. Meadow maintenance helps to control dominant perennials such as dock and thistle that disperse seed over a wide area.

The proposed work will increase the pleasure of visitors to Haslam Park and Local Nature Reserve.

4.5 What is the total cost of the activity?

For example this is the amount it will cost to buy the equipment/hold the whole event.

£300.00

4.6 How much are you applying for from the Local Member Grants Scheme?

£ 300.00

4.7 If you are not asking for the full cost of funding for your activity please tell us where the rest of

the money is coming from and if it has been secured at the time of your application.

The figures here, together with the figures in 4.6 should add up to the total cost in 4.5.

How much?	Funding period	Funder/Applied or Confirmed?
£		
£		
£		
£		

4.8 If you do not get all the funds, or only a percentage of what you require, you need to tell us what will happen to your proposed activity.

It is possible, that your application may be supported, but not for the full amount of funds. If this happens, we need to know if you can continue with your activity, e.g. you may provide an activity for half the intended period.

If the application is rejected the project will not go ahead unless another funding source is found. If only partial funding is granted the remainder will be requested from another councillor from the Haslam area.

4.9 What is the start and end date of the activity or when do you intend to purchase the items/equipment?

Please note you must spend the funds in the current financial year.

Start Date	End Date
Autumn 2017	Spring 2018

4.10 Please give a detailed breakdown of your expenditure for your activity/equipment.

See guidance notes section – 3.4. The total costs here must add up to the figure shown in section 4.5 for example if you are buying plants and compost for a gardening scheme we need to know how much these are. In addition, if you have a quotation from a supplier please also provide this as evidence of the costs.
