Total Amount Requested	£1740.00

4.3 What are you going to spend the grant on?

You need to tell us what you are going to buy with the money from the grant, for example, the piece of equipment you are going to buy, or what items you are going to buy if the money is to help with an event you are arranging. Detailed costs are required on the next page.

In August 2017 Bodies in Motion officially launched The Garden Project, our community garden and greenhouse project, situated in Bradley Ward, Nelson. The Garden Project aims to address the physical and mental wellbeing of the local community, addressing the myriad of issues associated with social isolation and help local people to take part in healthier physical activities.

As part of this application we would like to purchase external lighting for The Garden Project and a rewire and installation of lighting inside the onsite community centre, enabling local people to utilise the facilities and services on offer all year round, particularly during those periods of limited sunlight, extending our opening hours and increasing the number of people able to make use of the facility. The community centre, in addition to the horticultural activities on offer within poly-tunnels, will offer a range of activities for people in and around Bradley Ward, addressing local needs, helping to tackle social isolation and, ultimately, promoting the mental and physical wellbeing of local people.

4.4 How will the money benefit people in the Councillor(s) division(s)?

See guidance notes section – 2.3. You need to tell us how this money will help your organisation specifically and also the general public who live in the county councillor(s) electoral division, for example will it help bring people together or help stop anti-social behaviour.

The Garden Project is situated in Bradley Ward, Nelson, which features amongst the bottom 10% of deprived wards nationally. According to the Bradley Area Action Plan (AAP) the area suffers from a range of socio-economic issues and a lack of open spaces for people to meet and take part in shared activities. By installing floodlighting across the project and within the onsite community centre, we will enable the project to open for the public longer, particularly during periods of limited lighting. Furthermore, where local people may have busy schedules during normal working hours floodlighting will enable them to make use of the facilities and services on offer later on, taking part in shared, healthier activities and helping to strengthen community relationships, bringing people together. In addition, horticultural activities are an excellent method of helping people to take part in physical activities, with associated positive effects on mental and physical wellbeing. By installing lighting within the community centre we will be able to offer local people a place to meet and take part in other activities, for example, arts and crafts sessions, education/training courses, etc.

The ultimate aims of The Garden Project are to promote the mental and physical wellbeing of local people and bring local people together, strengthening community relationships. Therefore, additional lighting will mean we will be able to open later in the evenings and during darker periods, thus enabling us to work with a larger number of people.

4.5 What is the total cost of the activity?

For example this is the amount it will cost to buy the equipment/hold the whole event.

£1740.00

4.6 How much are you applying for from the Local Member Grants Scheme?

£1740.00

4.7 If you are not asking for the full cost of funding for your activity please tell us where the rest of the money is coming from and if it has been secured at the time of your application.

The figures here, together with the figures in 4.6 should add up to the total cost in 4.5.

How much?	Funding period	Funder/Applied or Confirmed?

4.8 If you do not get all the funds, or only a percentage of what you require, you need to tell us what will happen to your proposed activity.

It is possible, that your application may be supported, but not for the full amount of funds. If this happens, we need to know if you can continue with your activity, e.g. you may provide an activity for half the intended period.

Our intention is to continue to develop The Garden Project and external lighting is an integral aspect of project development. The £1740.00 being applied for as part of this application will cover the costs of lighting throughout The Garden Project, meaning that people will benefit immediately. Should we not receive the full amount of funding, any funding received would be used to purchase partial lighting, enabling some of the facilities to be used during darker periods.

4.9 What is the start and end date of the activity or when do you intend to purchase the items/equipment?

Please note you must spend the funds in the current financial year.

Start Date	End Date
ASAP	Spending before 31 March 2018

4.10 Please give a detailed breakdown of your expenditure for your activity/equipment.

See guidance notes section – 3.4. The total costs here must add up to the figure shown in section 4.5 for example if you are buying plants and compost for a gardening scheme we need to know how much these are. In addition, if you have a quotation from a supplier please also provide this as evidence of the costs.

Full rewire of the community building and purchase of floodlighting (inc. internal lighting) - £1740.00
