4.3 What are you going to spend the grant on?

You need to tell us what you are going to buy with the money from the grant, for example, the piece of equipment you are going to buy, or what items you are going to buy if the money is to help with an event you are arranging. Detailed costs are required on the next page.

Bat detectors
Identification guides;
Field sampling equipment for use by members during field meetings

4.4 How will the money benefit people in the Councillor(s) division(s)?

See guidance notes section – 2.3. You need to tell us how this money will help your organisation specifically and also the general public who live in the county councillor(s) electoral division, for example will it help bring people together or help stop anti-social behaviour.

During the summer months the group organises meetings to specific habitats e.g. local nature reserves or biodiverse sites to survey and monitor the fauna and flora. Records of the species present are submitted to the relevant recording groups e.g. LERN, to continually monitor the local environment and inform us of changes that are occurring to the environment.

The grant would enable the group to enhance its equipment stock so that freshwater habitats can be included and not to rely on an individual member loaning their own personal equipment to others. The bat detectors allow not only bat surveys but they can be used to detect grasshoppers and crickets for which there are many under-recorded species in the North Lancashire area.

Each meeting attracts a group of 8 to 16+ people who are helped with sampling techniques and identification. This increases the knowledge base of the population. The meetings are open to all people residing in the postcodes given in the constitution. After several attendances they would be expected to join the Lancashire Wildlife Trust. We are a 'local group' for the organisation. In this way it is hoped that the natural history knowledge of the North Lancashire area can be enhanced.

4.5 What is the total cost of the activity?

For example this is the amount it will cost to buy the equipment/hold the whole event.

£ 1064.75

4.6 How much are you applying for from the Local Member Grants Scheme?

£ 1064.75

4.7 If you are not asking for the full cost of funding for your activity please tell us where the rest of the money is coming from and if it has been secured at the time of your application.

The figures here, together with the figures in 4.6 should add up to the total cost in 4.5.

How much?	Funding period	Funder/Applied or Confirmed?
£		
£		
£		
£		

4.8 If you do not get all the funds, or only a percentage of what you require, you need to tell us what will happen to your proposed activity.

It is possible, that your application may be supported, but not for the full amount of funds. If this happens, we need to know if you can continue with your activity, e.g. you may provide an activity for half the intended period.

The field meetings will continue but the experience for most of the group will be less satisfactory. There will be less 'hands on' experiences which is less rewarding and the members are less likely to continue their interest.

4.9 What is the start and end date of the activity or when do you intend to purchase the items/equipment?

Please note you must spend the funds in the current financial year.

Start Date	End Date
28 April 2018 <i>Spending will be before March 2018</i>	8 Sept 2018 And for future years for the bat detectors

The total costs here must add up to the figure shown in section 4.5 for example if you are buying plants and compost for a gardening scheme we need to know how much these are. In addition, if you have a quotation from a supplier please also provide this as evidence of the costs.
