We're changing how we will help you with your care. We will:

Improve the information we have so you understand your choices

 $-\overline{\bigcirc}\overline{\bigcirc}$

Listen to what you want so you have a say in your own care

Be honest about how we can and can't help

Encourage you to live a healthier lifestyle and prevent illness in older age

Help you live at home, giving you the right care to keep you independent

Ask you to share your story only once

> Not stop you being independent by giving you too much help

Adult social care is changing how we work with partners. We will:
