Executive Summary

The Pension Regulator stipulates in regulation that the members of the Pension Fund Committee and the local Pension Board members, must have the required knowledge and skills to govern the Fund.

The LCPF Training Plan 2019, at Appendix A, sets out the various training options which are available during the year to meet the required training needs of both Committee and Board Members.

Recommendation

The Committee is asked to note the Training Plan for 2019 as set out at Appendix 'A'.

Background and Advice

Pension Fund Committee and Local Pension Board Members face different requirements for gaining and maintaining knowledge and understanding. This reflects that their remit and responsibilities originate from different pieces of legislation. Knowledge requirements falling on Board members are defined statutorily within the Public Service Pensions Act 2013 and are personal to each individual. Learning requirements for Committees have been less stringently defined in legislation and fall collegiately on Committees as collective bodies rather than on their members as individuals.

Though their learning obligations under legislation are different, Committee and Board members share significant common ground in terms of the sphere of knowledge and understanding they need to be conversant with. Across the range of Technical Knowledge and Skills Frameworks it has published to date, CIPFA has identified a syllabus of 8 core areas of knowledge:

1. pensions legislation;
2. public sector pensions governance;
3. pensions administration;
4. pensions accounting and auditing standards;
5. financial services procurement and relationship management;
6. investment performance and risk management;
7. financial markets and product knowledge;
8. actuarial methods, standards and practices;

The training needs of Committee and Board members are assessed yearly through completion of individual training needs assessments.

The results of the latest assessments have been reviewed and the LCPF Training Plan 2019, as set out in Appendix A, has been developed. It consists of:

- Workshops which are held regularly;
- Quarterly briefings prior to Pension Fund Committee meetings;
- External training courses and conferences;
- Online Training:
 - Intuition know-How Online Library;
 - TPR Public Service Toolkit;

The Pension Fund Committee is asked to note the planned training available during 2019.

Consultations

N/A

Implications:

This item has the following implications, as indicated:

Risk management

Without the required knowledge and skills, those charged with governance and decision-making may be ill-equipped to make informed decisions regarding the direction and operation of the Pension Fund.
