

Health Scrutiny Committee Work Programme 2018/19

The Health Scrutiny Committee Work Programme details the planned activity to be undertaken over the forthcoming municipal year through scheduled Committee meetings, task group, events and through use of the 'rapporteur' model.

The items on the work programme are determined by the Committee following the work programming session carried out by the Steering Group at the start of the municipal year in line with the Overview and Scrutiny Committees terms of reference detailed in the County Council's Constitution. This includes provision for the rights of County Councillors to ask for any matter to be considered by the Committee or to call-in decisions.

Coordination of the work programme activity is undertaken by the Chair and Deputy Chair of all of the Scrutiny Committees to avoid potential duplication.

In addition to the terms of reference outlined in the [Constitution](#) (Part 2 Article 5) for all Overview and Scrutiny Committees, the Health Scrutiny Committee will:

- To scrutinise matters relating to health and adult social care delivered by the authority, the National Health Service and other relevant partners.
- In reviewing any matter relating to the planning, provision and operation of the health service in the area, to invite interested parties to comment on the matter and take account of relevant information available, particularly that provided by the Local Healthwatch
- In the case of contested NHS proposals for substantial service changes, to take steps to reach agreement with the NHS body
- In the case of contested NHS proposals for substantial service changes where agreement cannot be reached with the NHS, to refer the matter to the relevant Secretary of State.
- To refer to the relevant Secretary of State any NHS proposal which the Committee feels has been the subject of inadequate consultation.
- To scrutinise the social care services provided or commissioned by NHS bodies exercising local authority functions under the Health and Social Care Act 2012.

- To request that the Internal Scrutiny Committee establish as necessary joint working arrangements with district councils and other neighbouring authorities.
- To draw up a forward programme of health scrutiny in consultation with other local authorities, NHS partners, the Local Healthwatch and other key stakeholders.
- To acknowledge within 20 working days to referrals on relevant matters from the Local Healthwatch or Local Healthwatch contractor, and to keep the referrer informed of any action taken in relation to the matter.
- To require the Chief Executives of local NHS bodies to attend before the Committee to answer questions, and to invite the chairs and non-executive directors of local NHS bodies to appear before the Committee to give evidence.
- To invite any officer of any NHS body to attend before the Committee to answer questions or give evidence.
- To recommend the Full Council to co-opt on to the Committee persons with appropriate expertise in relevant health matters, without voting rights.
- To establish and make arrangements for a Health Steering Group the main purpose of which to be to manage the workload of the full Committee more effectively in the light of the increasing number of changes to health services.

The Work Programme will be submitted to and agreed by the Scrutiny Committees at each meeting and will be published with each agenda.

Appendix 'A'

The dates are indicative of when the Health Scrutiny Committee will review the item, however they may need to be rescheduled and new items added as required.
