

Delivery Plan 2019-20 Matrix

This Delivery Plan matrix has been created by the Delivery Plan LEP Network Working Group to provide LEPs guidance on what should be included in their Delivery Plans. Although local innovation and creativity is encouraged, all LEPs should cover the sections outlined below to ensure consistency across the network.

Timing of Delivery Plans for 2019-20

LEPs must complete a draft Delivery Plan by the end of April 2019. These Delivery Plans should be signed-off by the LEP Board and published by the end of May 2019.

Future Delivery Plans

The Delivery Plans for 2019-20 are designed to be light touch. The design and content of the Delivery Plans will be revisited next year to take account of best practice, the LEP Economic Outlook and the development of Local Industrial Strategies.
