Executive Summary

The reports set out the County Council's current position in relation to academies within Lancashire. It updates the information provided to Education Overview and Scrutiny Committee on 10 July 2012

Recommendation

The Education Overview and Scrutiny Committee is asked to note the report and give its views on the information provided.

1 Background and Advice

In the summer of 2010 the Department for Education (DfE) set out its plans to enable maintained schools to become Academies and the Secretary of State wrote to all schools judged outstanding by OfSTED to encourage them to apply for Academy Status. (These are often referred to as Converter Academies). Since that time all maintained schools have been encouraged to consider becoming Academies.

Academy is the legal term that includes Free Schools of all types, University Technical Colleges (UTCs) and most Studio Schools. These new forms of school are independent from the local authority, and report directly to the Secretary of State.

In June 2011 the Secretary of State indicated that there were 200 under-performing primary schools nationally for which he considered the most appropriate strategy for improvement was that they become Sponsored Academies - linked to, and sponsored by another Outstanding Academy or Outstanding College. The Secretary of State also indicated that there were a further 500 under-performing primary schools nationally for which movement to becoming a Sponsored Academy should also be considered.

Since August 2011 the Department for Education has been in regular touch with all Local Authorities including Lancashire to discuss schools that were included in the

original 200 and 500 underperforming categories as well as further schools which they felt were underperforming.

The Education Act 2011 received Royal Assent on 15 November 2011. The Act is wide ranging and amends or repeals 47 separate issues connected with education and children law which were previously covered in 18 education and children Acts. The Act makes changes to the arrangements for setting up new schools, and amends the Academies Act 2010 to make provision for 16 to 19 academies and alternative provision academies. The full Education Act is contained on the Department for education website:

<http://www.education.gov.uk/aboutdfe/departmentalinformation/educationbill/a0073748/education-bill>

The new academy presumption in the Education Act 2011 requires local authorities to first seek proposals for an Academy where they consider there is a need for a new school.

County Council position on Academies

The County Council has adopted a clear and consistent position around academies, namely that all categories of school are of equal value. There is no prejudice for or against a particular category.

The current position

- All maintained primary, secondary and special schools can apply to become an Academy
- In April 2013 Pupil Referral Units (PRUs) will receive delegated budgets and will be able to convert to Academy Status
- The Free School model has been extended to include applications for Alternative Provision Free Schools which will be PRU type organisations.
- Once the funding order for an Academy is agreed the local authority is directed to cease to maintain the school

The National Position

In September 2012 Andrew McCully the Department for Education Director with responsibility for key reforms around academies reported the following statistics to a London conference:

In total there are 2373 open Academies in England, of which:

- 1861 are converters
- 512 are sponsored
- 805 are primary Academies (676 converters, 129 sponsored)
- 1512 are secondary Academies (1134 converters, 378 sponsored)
- 56 are special Academies (51 converters, 5 sponsored)

- 46% of all secondary schools in England are now Academies
- 5% of all primary schools in England are now Academies

These national figures clearly point to a variance in the number of academies within local authorities. In some local authorities the vast majority of schools are now academies whilst in others this is not the case.

Lancashire's current position

Academy conversions to date

- 21 schools have converted to become an academy
- Of these 17 are secondary schools and 4 are primary schools.
- A further 4 schools are in the process of converting (3 secondary and 1 primary, of which two are sponsored Academies). These schools have Academy Orders agreed and are currently developing funding agreements with the Secretary of State.
- The first Free School, which was previously an independent school, opened in September 2011 in West Lancashire.
- The first Studio School to open, which is a newly established school, opened in September 2012 in East Lancashire.
- There is currently one UTC which has funding agreement with the DfE and plans to open in September 2013 in East Lancashire.
- There are a higher number of free schools wishing to open in neighbouring councils such as Wigan and Blackburn with Darwen, which may impact on Lancashire schools
- The local authority will continue to work closely with academies and free schools in terms of planning for the provision of school places.
- The DfE has contacted the Local Authority regarding the sponsored academy programme and identified schools to be considered to become a sponsored academy. This has been an ongoing dialogue around a changing cohort of schools since August 2011

A list of the current free schools and academies in Lancashire is set out at Appendix 'A'.
