CR2 Protect and safeguard children	People/Ser vice delivery • High profile safeguarding incidents can attract national media attention and trigger an early inspection by Ofsted and ultimately Department for Education (DfE) intervention	 The protection and safeguarding of children, and oversight, is at all levels from Chief Executive to front-line managers to ensure there is an accurate understanding of the quality of practice. Clear governance and accountability arrangements are in place via the Getting to Good Board and the six boards which report to it: Workforce Development Board Purposeful Practice Board Multi-Agency Safeguarding Hub (MASH) and Demand Management Board Permanence and Children In Our Care Board Data Quality and Performance Board Children's Partnership Board There are effective partnership arrangements at a strategic and operational level. External reviews of front-line practice is provided by Ofsted, DfE, Local Government Association (LGA) and North West Association of Directors of Childrens Services (ADCS) to provide external, independent evaluation of the quality of practice. 	In line with revised "Working Together" new multiagency safeguarding arrangements are being established, to ensure there is a shared responsibility for safeguarding and promoting the welfare of children. Getting to Good Plan is now completed following the Ofsted inspection to ensure continued improvement. There has been a 2.9 % increase in the number of children on a Child Protection Plan since the last quarter (Q3 - 1329, Q4 - 1368). The risk remains static, and work continues via the Getting to Good Board, and the six Boards which feed into it.

CR3 Complying with statutory requirements and duties relating to children looked after, children in need and children leaving care.	People/ser vice delivery	Local authority is legally and financially liable, and may be subject to judicial review if found in breach of its statutory responsibilities. Further DfE intervention if Ofsted judge Children's Services to be inadequate.	The protection and safeguarding of children, and oversight, is at all levels from Chief Executive to front-line managers to ensure there is an accurate understanding of the quality of practice. Clear governance and accountability arrangements are in place via the Getting to Good Board and the six boards which report to it: Workforce Development Board Purposeful Practice Board MASH and Demand Management Board Permanence and Children In Our Care Board Data Quality and Performance Board Children's Partnership Board There are effective partnership arrangements at a strategic and operational level. External reviews of front-line practice is provided by Ofsted, DfE, LGA and North West ADCS to provide external, independent evaluation of the quality of practice.	16	 The Getting to Good Plan has been produced to address the recommendations from the inspection and progress will be monitored via the Getting to Good Board. Sufficiency strategy: both the Bungalow (complex needs unit) and Slyne Road (Adolescent Support Unit) are now registered with Ofsted. Building work at South Avenue (the crisis unit) is not yet complete. Children's services will be re-inspected in 2019 under the Inspection of Local Authority Children's Services (ILACS) inspection framework. The focus will be on permanence. Preparation for this inspection has commenced and will include an external peer review by the Local Government Association in May/June 2019. 	12 (Major/possible)	Director of Children's Services	There has been some positive improvement in performance which have included Children Looked After (CLA) visits within timescale improved (Q3 82%, Q4 87%), CLA Reviews in timescales have improved - (Q3 90%, Q4 91%). Some areas for further improvement Care Leavers in employment, education or training (EET) declined slightly - (Q3 93%, Q4 92%) and Care Leavers in suitable accommodation has also deteriorated - (Q3 51%, Q4 49%) The focus continues to be on a cultural shift from compliance with statutory requirements to improving the quality of practice. Further work is required to address variability in the quality of practice, to ensure that all children in need receive a consistently good service. The pace of change needs to accelerate as part of our continuing improvement journey from requires improvement to be improvement to be

CR4	Increase in demand, including rise in number of contacts and referrals and an increase in CLA numbers	People	 Potential drift and delay - impact on timeliness of assessment, plans and interventions with children & families. Financial implications. 	 Clear governance and accountability arrangements are in place via the Getting to Good Board and the six boards which report to it. The MASH and Demand Management Board and Children in Our Care Board has the main function of monitoring Demand Management and CLA numbers. 	16	 Permanence Action Plan has been developed to help reduce the CLA numbers. Sufficiency Strategy includes targets to reduce CLA numbers through prevention of \$20 accommodation and children exiting from care. Successful life chances bid will support children on the edge of care. Increased use of Family Group Conferencing as a demand management strategy. Adolescent Support Unit and Outreach Service help to prevent the need for accommodation. Amendment to pre proceedings protocol, and introduction of permanence protocol guidance and toolkit. 	16 (Major/ Likely)	Director of Children's Services	The number of referrals to Children's Social Care has greatly increased by 28.8% in the last quarter. (Q3 - 2482, Q4 - 3198). The number of CLA has increased by 45 which is a 2.2% increase on the last quarter (Dec - 2083, Mar - 2128). Average social worker caseloads have increased in the last quarter, from 19.8 as at the end of Q3 to 22.6 as at the end of Q4. The risk is being managed via the Getting to Good Board, and the six Boards which feed into it.
CR5	Recruit and retain experienced staff across the organisation	People/ser vice delivery	 Inability to deliver effective services Shortage of skilled staff in specific service areas High caseloads Increased staff turnover Increased agency spend Lack of succession planning Low morale Negative impact on productivity levels 	 Revised recruitment policy and procedures implemented including new recruitment software Vision and values being embedded Developed brand as an employer Use of new technology to aid recruitment such as apps on smartphones Introduced a guided application process for jobs Lancashire CC Career website launched to promote brand and improve recruitment rates Workforce Group established in Children's Social Care to ensure strong focus on recruitment and retention and workforce development. 	16	 A strategic approach is planned to further develop council-wide succession planning requirements, to include the recruitment to 'Hard to fill' posts and reduce the reliance on costly agency staff. This will include career pathways. Proposals will be presented to Corporate Management Team on reshaping the apprenticeship programme to maximise the apprenticeship levy and support the delivery of the People's Strategy Continue to improve staff engagement through regular pulse surveys Introduce leadership and management module courses Corporate induction programme to be reviewed Develop a more focused graduate offer Improve the health and wellbeing of staff through initiatives such as the 'time to change' programme 	12 (Major/ possible)	Director of Corporate Services	Level

				 Revised supervision policy now in place to support staff retention in Children's Social Care. Social Work Academy established providing robust induction and continuous professional development for social workers, including newly qualified staff. In Children's Social Care Advanced Practitioner posts established to support social workers to aid staff retention. Leadership Academy in Children's Social Care now in place with particular focus on up-skilling first line managers to strengthen leadership of practice. 					
CR6	Managing our data well and producing effective management information	Organisational	 Ineffective collection, collation and input of data Failure to improve quality of data in council systems including those that have already been implemented and those that are being implemented. Ineffective use of business intelligence, resulting in the inability to identify and respond to changing trends and inform strategic decisions. Impact on strategic planning, understanding demand management e.g. around demographics and ageing population profile Ineffective reporting arrangements. Statutory returns will be compromised, so incorrect performance will be reported nationally, with potential for negative financial consequences OFSTED/Care Quality Commission (CQC)/LGA and other external organisations will be using inaccurate 	 Information Management Strategy. Accuracy Steering Group chaired by Director of Adult Services oversees a programme of work to improve data quality within systems used by Adult Services Data Quality and Performance Group oversees quality of information in systems for children's services Regular provision of management information to staff at all levels across adults and children's services helps to embed ownership of data and improve recording. Use of 'exception reports' which proactively highlights data anomalies and inconsistencies. Development of a Corporate Performance Dashboard is facilitating a council-wide view of all services, which will improve the quality of reported data as anomalies will be highlighted. Performance and Data Quality Group (Children's Services) is a well-established group facilitated by the Practice Improvement Officer. Heat maps have been designed to monitor Annex A data quality. Clear governance structure in place to ensure a continued focus on data quality/accuracy: Data Quality and Performance Group. Practice Improvement Meetings (PIMs) looking at performance and data quality. Children's Portfolio Review Boards have oversight of development of systems Governance Boards established for Early help Module, 	16	 'Project Accuracy' for Adults Services focussing on procedures and data quality is now underway. Draft Digital Strategy – the developing strategy has a work stream relating to data and developing an information architecture across the core systems. A strategy for Business Intelligence and reporting is being developed and will be presented to Corporate Management Team A Performance Management Framework is being developed to supplement the proposed new 'Our Vision for Lancashire' document. This will involve scrutiny committees Workshops have taken place with the Business Intelligence Service to identify Corporate Reporting. The outcome of these workshops will form the basis of requirements for how the council manages reporting in the future. This will be an integral part of the Digital Strategy. All requests to Business Intelligence team for new reports are made using Redmine and closely monitored. Requests will be challenged/prioritised and potentially refused in order to provide capacity in Business Intelligence team to test the core systems at peak periods. 	12 (Major/possible)	CMT	Children's - Regular meetings with Deputy Director Children's Services and Executive Director Escalation via Improvement and Accountability Board.

Failure to deliver efficiencies and cost reductions. Failure to produce the information needed to support management decision making. Lack of management buy-in from service areas to drive forward change. Failure to ensure that services work to new practices in a consistent way so as to maximise the benefit from investment in new technology. Ineffective reporting arrangements. Statutory returns will be compromised, so incorrect performance will be reported nationally. Ineffective working practices and targeting of resources to work priorities. May impact on response times. OFSTED/CQC/LGA and other external organisations will be using inaccurate information to judge	Roadmaps have been developed for all key major systems. Governance arrangements in place with full impact assessment carried out for all system changes. Central co-ordination, control and monitoring in place which assists in performance management of BTLS. Corporate wide approach implemented for all system changes involving services, Learning and Development, Business Intelligence etc. on wider impacts and how system changes are managed into the business. The service challenges require significant additional resources and the prioritisation of the service challenges alongside existing work plans are being worked on in detail to understand just what can be delivered and when. Service Challenges demand being evaluated and a programme of work alongside existing work plans is being considered including the additional resource demand to deliver alongside how best to maintain the savings profile. Delivery of Early Help Module (EHM)/Educational Health Care Plans (EHCP)/MASH was successfully completed through the period of October 2018 to February 2019 including the Early Action module in conjunction with Lancashire Constabulary. Information management strategy and approach being rolled out with all new systems. Digital First strategy and action plan being developed which includes a data strategy as a fundamental building block for the Business Intelligence and Reporting strategy. Performance Data on projects supplied to the Corporate Dashboard	16	 Continued monitoring of data within Lancashire Children's Service. Internal Audit have given Substantial assurance over the effectiveness of controls operating over the Systems Support function within Core Systems. New system roadmaps developed to provide more control over system changes. Core Systems are continually reviewing request against council priorities and strategies. Working closely with services, Programme Office and BTLS to firm up the detailed requirements of the service challenges and the resourcing of this additional work. Issues and implications logged at FMBs and overarching approach has been escalated to CMT for consideration Monthly meetings with Highways Service continue, with focus on discussing and managing operational issues, with a continuous tracking of issues and timescales for rectifying these. After comprehensive work with the service and a review by audit, a programme of work has been identified and underway. A Highways Improvement Board has been established which includes a comprehensive training and support plan for the service. Which has now begun. 	12 (Major/possible)	Director of Program mes & Project Managem ent	Risk being managed downwards On-going review and control of development work plans and roadmaps through relevant Portfolio Review Boards Establishment of overarching review and control of Work Plans and Roadmaps by Digital Board. This needs to take full account of the demand that service challenges are placing on work plans and resourcing. As part of the new emerging Digital Strategy there is a work stream looking at the technologies that will underpin the delivery of digital. The development of an architectural vision for the digital strategy is underway, working closely with BTLS. This includes a landscape review of existing technologies and is due to be presented at the next Digital Board on 15 April.

			 Service planning and management will be severely compromised. The activity and changes required to enable delivery of the service challenges presents a risk to delivery of both the necessary changes but importantly the savings. 	from Project and Programme Management System (PPMS).					Programme delivery model for Early Help Module/ Education, Health Care Plan to be replicated across new system delivery projects and programmes – demonstrates effective service participation and ownership of system development.
CR8	Delivering major projects/schemes on time and within budget	Developme nt & regeneratio n	Scheme viability in doubt due to speculative estimating and project management Pressure on capital programme	 Capital Programme reports to Cabinet Improved approach adopted regarding the deliverability of current and future schemes. These include: Reporting of cost ranges for new schemes Routine updating of cost estimates Inclusion of contingency at industry standards and benchmarks Governance of the capital programme has been strengthened under the auspices of the Capital Board where responsibility for oversight and challenge of cost estimates and capital budgets sits. Restructuring to ensure the service has the resources with the right skill sets Update reports to Audit, Risk & Governance Committee 	16	Active project and programme management including: Detailed monitoring of the delivery programme through 2019/20 to ensure slippage is reported in a timely manner and a robust level of challenge is provided to programme and project managers to ensure delivery remains on track. Performance reports developed to enable the Capital Board to undertake this monitoring and challenge.	12 (Major/possible)	Exec Director Growth, Transport and communit y services	Level
CR9	Delivering a statutory service for children and young people with special educational needs and/or disabilities.	People/Org anisational	 Not providing adequate service which places the local authority at risk of appeals to Special Educational Needs and Disability Tribunals (SENDIST), increased reputational risk via complaints corporately and to Local Government Ombudsman (LGO). Unmet need will result in children and young people failing to meet their potential and therefore not be supported as positively 	Following the SEND Local Area Inspection a Written Statement of Action (WSA) has been submitted identify improvements to the service offered by LCC and the Clinical Commissioning Groups. The following areas were identified as requiring action: The lack of strategic leadership and vision across the partnership and vision across the partnership Leaders' inaccurate understanding of the local area Weak joint commissioning arrangements that are not well developed or evaluated The failure to engage effectively with parents and carers The confusing, complicated and arbitrary systems and processes of identification The endemic weaknesses in the quality of EHC plans	25	 Recruitment of qualified staff funded by the SEND reform grant. Commissioning arrangements with Health being reviewed. The actions to implement the SEND improvement plan. Strategic reporting and monitoring of improvement plan at Cabinet and CMT level. 		 as possible into adulthood. The failure to recruit and retain staff. Lack of confidence in council services. The lack of accessibility and quality of information on the local offer 	 The absence of effective diagnostic pathways for Autistic Spectrum Disorder (ASD) across the local area, and no diagnostic pathway in the north of the area No effective strategy to improve the outcomes of children and young people who have SEN and/or disabilities Poor transition arrangements in 0–25 healthcare services The disconcerting proportion of children and young people who have an EHC plan or statement of SEN who are permanently excluded from school The inequalities in provision based on location 					
CR10 Supporting disadvantaged families to fulfil their potential (Troubled Families Programme)	People/Org anisational	 Failure to achieve Payment by Results targets due to specific requirements of the programme. Failure to accrue maximum income from the programme for the authority. Failure to meet savings target attributed to the service for current financial year. Possible reputational risk as a result of missing a national target. Possible reputational risk if progress not made with the Troubled Families Unit (TFU) Maturity Model and service transformation with partners. Risk of additional scrutiny of programme 	 No governance procedures in place with responsibility for (TFU) oversight. Robust tracking processes in place with view to maximising payment by result claim opportunities. Ongoing data matching to identify new eligible families Robust tracking processes in place with view to maximising payment by result claim opportunities. However, no governance procedures in place with responsibility for oversight. Ongoing data matching to identify new eligible families The target in the med term fin strategy for TFU Payment by Results (PBR) claims for 2017/18 was for 1,500 PBR claims to be made and this target has been exceeded. As at 29 March 2019 payment by results claims had been made for 4,035 families (47% of the target for the life of the programme) where significant and sustained progress was evidenced. The current positive trajectory is anticipated to continue to improve with the team ensuring that all available data and information systems are fully utilised to maximise PBR claim opportunities. The service has a reduced capacity to meet the TFU targets since the implementation of a £1.25m budget reduction to the CFW service. This has reduced caseload capacity from 10k families a year to 7k families a year. The 	20	 Development of reporting processes to ensure monthly progress checks against targets Redesigning of outcomes plan to set more achievable/realistic targets Review of governance arrangements commissioned. Districts supported to identify families where potential claims can be made Workforce development complete for shared assessment. Lead professional and risk sensible approach. Revised Common Assessment Framework (CAF) documentation, quality assurance and processes to assist in meeting requirements. TFU Maturity Model self-assessment completed and developed action plan to support delivery and improvement. 	16 (Major/ Likely)	Director of Public Health	Level

				TFU target is to 'turn around' 8620 families.					
CR11	Future provision of ICT services	Organisatio	 The BTLS contract has an expiry date of 31 March 2021 and covers ICT and transactional payroll services. Failure to put in place suitable arrangements will impact on organisational effectiveness and service delivery May impact on the service challenge savings options that need ICT solutions If any potential renegotiations are unsuccessful need to consider how the services will be transferred successfully back to the authority. 	The Society of IT Management have undertaken an independent review of our options that considered current BTLS service performance, how it benchmarks with other local authority services, particularly with regard to cost, and to consider the best options available to the council with regard to future service requirements	16	The Society of IT Management are providing expert consultancy services to the county council for the contract renegotiation process with the outcome to be reported back for approval at a future Cabinet meeting.	12	Director of financial services	Risk is reducing
CR12	Intermediate care for older people in a residential setting	People/Org anisational	 Operational issues leading to service failures Unavailability of community beds for older people on a short term basis Prolonged period of rehabilitation and recuperation before the person goes home Delayed transfer from hospital Reputational challenge for the Council if care homes operated by the council are judged by CQC as 'Requires Improvement' 	 A review of the Lancashire intermediate care system was commissioned using money from the Better Care Fund, and included consideration of the best practice model for each service area including the community beds.	16 (Major/ Likely)	 The Carnall Farrer Review of Intermediate Care is scheduled to conclude imminently with final sign off of the report at the end of May 2019. Reports or presentations to partnership meetings with the NHS including the Health and Wellbeing Board (HWB) are being scheduled accordingly, and it will come to LCC CMT in June for consideration. Earlier drafts of this work suggest opportunities for significant improvement and cost savings across the NHS – local government system. The findings of this report will not by themselves provide definitive answers as to whether LCC should continue to be a provider of some these services, but it will provide important context for more in-depth local discussions with NHS partners to determine answers to those questions. 	12(Majo r/Possib le)	Executive Director for Adult Services and Health & Wellbeing	Following the implementation of the mitigating actions CQC ratings have improved.

C01	Delivering growth and prosperity for the whole of Lancashire To fully and effectively utilise the remaining European Structural Funds available to	Developme nt & regeneratio n	Continued successful delivery of the LEP's current strategic economic growth programmes. Successfully securing new resources for Lancashire to support job and business creation, housing growth and the delivery of strategic transport infrastructure linking to drive economic growth and regeneration, linking residents and businesses with economic opportunities. It is looking increasingly likely that the current European Structural and Investment Fund (ESIF) programme will run through to its planned	 Lancashire Enterprise Partnership (LEP) has secured and is delivering through partners almost £1 billion of national resources to deliver a transformational programme of economic growth which see the delivery of new jobs, business and housing growth and strategic transport infrastructure. Key programmes/projects secured include the Preston, South Ribble and Lancashire City Deal, Growth Deal, three Enterprise Zones, Growing Places Funding, Boost Business Lancashire and Superfast Broadband. The national policy framework is being shaped by a new Industrial Strategy with priorities and funding streams in development. ESIF monies, both Regional Development Funds and Social Funds, totalling circa £200m are currently ring-fenced for use in Lancashire (LEP area) over the next 5 years. This supports business support initiatives, innovation investment, environmental and flood mitigation 	12	 Work with the LEP and local authority partners to ensure national resources to support growth and regeneration are secured. Maximise the support from key local and national public and private sector stakeholders outside the County Council. The County Council to give greater consideration to using its investment and prudential borrowing capacity and investment funds to bring forward a portfolio of strategic development opportunities. Economic Development's main European Regional Development Fund (EDRF) project Boost, has secured a Grant Funding Agreement and is applying for funding to the end 2021. Business Growth Service staff will, as far as possible, seek to frontload activity and spend within this project in-case funding or activity is prematurely curtailed. For the programme as a whole, we have issued calls in all measures in an effort to defray as much of the programme as early as possible. We are now looking to a further bid which could take the project to 2021. 	16 (Major/l ikely)	CMT	The LEP Review will present some significant challenges for local partners as the LEP is required to establish it's own legal entity and further distance itself from any local authority support. We are now looking to move forward with the production of a Local Industrial Strategy to maximise new funding opportunity. New national housing and transport infrastructure funds will be targeted in support of local strategic priorities. CO2	Apprenticeship Levy and Apprentice % in Public Sector	People/org anisational	Increase in Apprentices in the workforce and use the Apprenticeship levy to its maximum benefit to support critical development needs in the County Council	The Apprenticeship Levy was live from April 2017 and the first payment from the digital account was in May 2017. Work is being undertaken across LCC with Heads of service or their representatives to discuss their overall workforce development and what part the Levy could play in this.	12	 Maximise the benefits of the Apprenticeship Levy within LCC by working in conjunction with Management Team, Finance and HR to embed this into structures across the organisation. Working with services to identify the quick wins where these suit their business need and to thus eliminate training expenditure where we can, and link to Levy fund. L&D are speaking to Heads of Service to see how their training needs can be creatively addressed to link with the Levy, where possible. Heads of Service have been asked to report to L&D any current areas of training expenditure commitment that they have entered into. Heads of Services have been asked not to enter into any further financial commitments without speaking to L&D Close working relationship with the LGA and we are focussing currently on Higher degree apprenticeships. LGA will be supporting LCC in developing a strategy and future spending plan. Recent work with Finance looking at transactional spend in Services on training has not identified anything which could have been Levy based. 	15 (Outsta nding/p ossible)	Dir of Corporate Services	We now have more Standards available to us, which we have been waiting for and we have developed a draft strategy with the LGA support which we intend to share with Director, HR, Finance, CMT
