

External Scrutiny Committee Work Programme 2019/20

The External Scrutiny Committee Work Programme details the planned activity to be undertaken over the forthcoming municipal year through scheduled or extraordinary Committee meetings, task group, events and through use of the 'rapporteur' model.

The items on the work programme are determined by the Committee following the work programming session at the start of the municipal year in line with the Overview and Scrutiny Committees terms of reference detailed in the County Council's Constitution. This includes provision for the rights of County Councillors to ask for any matter to be considered by the Committee or to call-in decisions.

Coordination of the work programme activity is undertaken by the Chair and Deputy Chair of all of the Scrutiny Committees to avoid potential duplication.

In addition to the terms of reference outlined in the [Constitution](#) (Part 2 Article 5) for all Overview and Scrutiny Committees, the External Scrutiny Committee will:

1. Review and scrutinise issues, services or activities carried out by external organisations including public bodies, the voluntary and private sectors, partnerships and traded services which affect Lancashire or its inhabitants, and to make recommendations to the Full Council, Cabinet, Cabinet Members, Cabinet Committees or external organisations as appropriate.
2. Review and scrutinise the operation of the Crime and Disorder Reduction Partnership in Lancashire in accordance with the Police and Justice Act 2006 and make reports and recommendations to the responsible bodies as appropriate
3. In connection with 2. above, to require an officer or employee of any of the responsible bodies to attend before the Committee to answer questions
4. Co-opt additional members in accordance with the Police and Justice Act 2006 if required, and to determine whether those co-opted members should be voting or non-voting
5. Review and scrutinise the exercise by risk management authorities of flood risk management functions or coastal erosion risk management functions which may affect the local authority's area

The Work Programme will be submitted to and agreed by the Scrutiny Committees at each meeting and will be published with each agenda.

The dates are indicative of when the External Scrutiny Committee will review the item, however they may need to be rescheduled and new items added as required.
