Executive Summary

A single combined work programme for all of the Lancashire County Council scrutiny committees has been formulated and has been presented to all scrutiny committees during the last round of meetings. A copy of the work programme is set out at Appendix A.

The topics included were identified at a work planning workshop for members of the Internal Scrutiny Committee held on 29 May 2020 and subsequently at meetings of all the scrutiny committees.

Recommendation

The Internal Scrutiny Committee is asked to:

- i. Consider the work programme schedule for Internal Scrutiny Committee and suggest any additional topics for potential inclusion on the work programme.

Background and Advice

As a result of the Covid 19 pandemic, a decision was taken in March to suspend all council committee meetings including scrutiny until further notice. Following the introduction of new regulations and guidance on remote council meetings in April, it was confirmed that the scrutiny function would resume and that a remote work planning session for scrutiny as a whole be arranged for members of the Internal Scrutiny Committee (as the parent scrutiny committee) to receive an update on the journey so far and plans for recovery.

The Covid 19 pandemic has required members and officers to work differently and the wider context has also meant that priorities have changed or shifted in emphasis. However, scrutiny committees have an important role in reviewing how Lancashire County Council prepared for, and responded to, the Covid-19 pandemic and how the county council aims to recover and assist people and businesses across Lancashire.

Therefore a single combined work programme for the foreseeable future and for all scrutiny committees has been formulated. A copy of the programme is set out at Appendix A.

The work programme is a work in progress document and will evolve further over the coming months. The topics included were identified at a work planning workshop for members of the Internal Scrutiny Committee held on 29 May 2020, from discussions with all scrutiny chairs and deputy chairs and subsequently at committee meetings. Members of Corporate Management Team have also fed into the process.

The Internal Scrutiny Committee is asked to consider the work programme schedule for the committee over the coming months and suggest any additional topics for potential inclusion on the work programme. A discussion on forthcoming topics would be useful and would help officers to be clear in their understanding of what Members would like to explore and what information they would like to see. Consideration should also be given to when the committee should look to reschedule topics that were planned for the 2019/20 work programme.

Considerations for Scrutiny Topics

Having a positive vision of what scrutiny might achieve may help to understand how it could work differently. Agreeing topics for inclusion in the work programme is about focusing and directing limited resources to maximise scrutiny's effectiveness:

- National issues will inevitably be subject to enquiries / scrutiny at a national level. ***Consider what you can influence locally.***
- Health, social care and education teams have limited resources to support O&S and non-critical work. ***How can scrutiny support those services without unnecessary extra burdens?***
- Decisions have been made in partnership through the LRF. ***How can you best look at partnership working?***
- Decisions and activities were taken to deal with an unprecedented situation. ***What general lessons can be learned from unique circumstances?***
- Recovery will not be "back to normal". ***Can scrutiny shape the future of the county council / Lancashire?***

In addition to this, and as a tool to narrow the focus further, the following questions could be applied:

- How can scrutiny add value?
- What will have the biggest impact?
- What is the overall aim?
