

Welcome

Aims of our presentation

- The recruitment events
- Issues we are passionate about
- Summer session

Recruitment events for the groups

Working with team managers from CIOC and Leaving Care to put on two events in May to share what is participation and to recruit new young people to the groups.

Why do we want new young people?

- to have more views on what they think should happen
- to have a range of young people attending different things
- meeting new people, make new friends
- to get to different perspectives
- have a louder voice

What issues are important to us and what we want your help and support with:

- Mental Health & Wellbeing
- Support in school/college
- Breaking down the stigma
- Support with bullying
- Finances, better understanding of what we are entitled to
- Support with transitions, i.e. moving out
