#### **Executive Summary**

An application from Mr Anthony Moores for a Declaration of Entitlement to record his rights to graze 8 Sheep on CL66 YR

#### **Recommendation**

That the application be accepted in full and a Declaration of Entitlement be recorded in the Commons Register in accordance with the Commons Registration (England) (Amendment) Regulations 2009 that Mr Anthony Moores is entitled to exercise part of the right attached to Gawcar House, namely the right to graze 8 Sheep over the whole of CL 66 YR.

#### **Background and Advice**

The Commons Act 2006 (the 2006 Act) makes provision for the registration of common land and of town and village Greens. Registration Authorities were created to maintain two registers, one for common land and the other for village greens. The County Council is the Registration Authority for the County of Lancashire and has previously delegated powers and functions concerning alteration of the registers to the Commons and Town Greens Sub-Committee.

The 2006 Act makes provisions by Regulations for commons registration authorities to record in their registers of common land that a person is entitled to exercise some or all of the rights attached to a particular piece of land. The rights remain attached to the land but can at the moment be exercised by the owner and the application in this matter is that this is the case and should now be registered.

Regulation 44 states that applications for a declaration of entitlement must be made by a freehold or leasehold owner of the land to which the rights are attached.

In this matter the rights are attached to Gawcar House, shown edged red on the Ordnance Survey map attached as Appendix 'A'. The rights attached to this land are to graze 50 Sheep over CL 66 YR,

A copy of the title number LA699436 has been provided. This shows that part of the farm as shown on the Ordnance Survey map is owned by Mr Anthony Moores, as shown on the plan at Appendix 'B'. It has been calculated that this land is 16.039% of the Gawcar House land shown on the Ordnance Survey map.

16.039% of the grazing rights is calculated as the right to graze 8 Sheep. Mathematically, it actually produces a fractional quantity but, following guidance from DEFRA it is advised that a right to graze a fractional animal is not recognised in law and the fractional right has been rounded down. The applicant is aware of this.

Notice of the application has been duly given according to the regulations and no response has been received.

It is advised that if the application is well founded the appropriate amendment to the register shall be made. Here it is advised that the correct entitlement is the rounded down figure of 8 Sheep. It is advised that the application be accepted.
