

Councillor Cox has asked for the Forum to consider the current condition of footpaths on the Milnshaw estate which have in his opinion deteriorated since the recent Gas pipe renewal programme.

Councillor Cox feels the footpaths are now worse despite several of the locations receiving repairs and has suggested a rolling programme of works to renew the footpaths.

The County Council have inspected the footways concerned and agree that a number of them are in need of repair. However, due to budgetary restraints the County Council are unable to do all the repairs and will therefore be carrying out repairs to those considered to be in the worst condition as highlighted on the map.

The repairs will will cost in the region of £20,000 and will cover some 480sq m
