

## Quarterly Reporting Template - Guidance

### Notes for Completion

The data collection template requires the Health & Wellbeing Board to track through the high level metrics and deliverables from the Health & Wellbeing Board Better Care Fund plan.

The completed return will require sign off by the Health & Wellbeing Board.

A completed return must be submitted to the Better Care Support Team inbox ([england.bettercaresupport@nhs.net](mailto:england.bettercaresupport@nhs.net)) by midday on 28th August 2015

This Excel data collection template for Q1 2015-16 focuses on budget arrangements, the national conditions, payment for performance, income and expenditure to and from the fund, and performance on local metrics. It also presents an opportunity for Health and Wellbeing Boards to register interest in support. Details on future data collection requirements and mechanisms will be announced ahead of the Q2 2015/16 data collection.

To accompany the quarterly data collection Health & Wellbeing Boards are required to provide a written narrative into the final tab to contextualise the information provided in this report and build on comments included elsewhere in the submission. This should include an explanation of any material variances against planned performance trajectories as part of a wider overview of progress with the delivery of plans for better care.

### Content

The data collection template consists of 9 sheets:

**Validations** - This contains a matrix of responses to questions within the data collection template.

**1) Cover Sheet** - this includes basic details and tracks question completion.

**2) Budget arrangements**- this tracks whether Section 75 agreements are in place for pooling funds.

**3) National Conditions** - checklist against the national conditions as set out in the Spending Review.

**4) Non-Elective and Payment for Performance** - this tracks performance against NEL ambitions and associated P4P payments.

**5) Income and Expenditure** - this tracks income into, and expenditure from, pooled budgets over the course of the year.

**6) Local metrics** - this tracks performance against the locally set metric and locally defined patient experience metric in BCF plans.

**7) Understanding support needs** - this asks what the key barrier to integration is locally and what support might be required.

**8) Narrative** - this allows space for the description of overall progress on plan delivery and performance against key indicators.

### Validations

This sheet contains all the validations for each question in the relevant sections.

All validations have been coloured so that if a value does not pass the validation criteria the cell will be Red and contain the word "No" and if they pass validation they will be coloured Green and contain the word "Yes".

### 1) Cover Sheet

On the cover sheet please enter the following information:

The Health and Well Being Board

Who has completed the report, email and contact number in case any queries arise

Please detail who has signed off the report on behalf of the Health and Well Being Board.

Question completion tracks the number of questions that have been completed, when all the questions in each section of the template have been completed the cell will turn green. Only when all 8 cells are green should the template be sent to [england.bettercaresupport@nhs.net](mailto:england.bettercaresupport@nhs.net)

### 2) Budget Arrangements

This plays back to your response to the question regarding Section 75 agreements from the 2014-15 Q4 submission and requires 2 questions to be answered. Please answer as at the time of completion. If you answered 'Yes' previously you can selection 'Not Applicable' this time.

**If your previous submission stated that the funds had not been pooled via a Section 75 agreement, can you now confirm that they have?**

**If the answer to the above is 'No' please indicate when this will happen**

### 3) National Conditions

This section requires the Health & Wellbeing Board to confirm whether the six national conditions detailed in the Better Care Fund Planning Guidance are still on track to be

It sets out the six conditions and requires the Health & Wellbeing Board to confirm 'Yes', 'No' and 'No - In Progress' that these are on track. If 'No' or 'No - In Progress' is selected please provide a target date when you expect the condition to be met. Please detail in the comments box what the issues are and the actions that are being taken to meet the condition.

'No - In Progress' should be used when a condition has not been fully met but work is underway to achieve it by 31 March 2016.

Full details of the conditions are detailed at the bottom of the page.

### 4) Non-Elective and Payment for Performance

This section tracks performance against NEL ambitions and associated P4P payments. The latest figures for planned activity and costs are provided along with a calculation of the payment for performance payment that should have been made for Q4. Three figures are required and one question needs to be answered:

**Input actual Q1 2015-16 Non-Elective performance (i.e. number of NELs for that period) - Cell L12**

**Input actual value of P4P payment agreed locally - Cell D23**

**If the actual payment locally agreed is different from the quarterly payment taken from above please explain in the comments box**

**Input actual value of unreleased funds agreed locally**

This section also requires indication of the area of spend that unreleased funds have been spent on for Q4 and Q1 using a drop-down list. If no funds were left unreleased then 'Not Applicable' should be selected.

#### 5) Income and Expenditure

This tracks income into, and expenditure from, pooled budgets over the course of the year. This requires provision of the following information:

**Planned and forecast income into the pooled fund for each quarter of the 2015-16 financial year**

**Confirmation of actual income into the pooled fund in Q1**

**Planned and forecast expenditure from the pooled fund for each quarter of the 2015-16 financial year**

**Confirmation of actual expenditure into the pooled fund in Q1**

Figures should reflect the position by the end of each quarter. It is expected that planned income and planned expenditure figures for Q4 2015-16 should equal the total pooled budget for the Health and Wellbeing Board.

There is also an opportunity to provide a commentary on progress which should include reference to any deviation from plan.

#### 6) Local metrics

This tab tracks performance against the locally set metric and locally defined patient experience metric submitted in approved BCF plans. In both cases the metric is set out as defined in the approved plan for the HWB and **the following information is required for each metric:**

**Confirmation that this is the same metric that you wish to continue tracking locally**

**Confirmation of planned performance for each quarter of 2015-16** (against the metric being tracked locally - whether the same as within your plan or not)

**Confirmation of actual performance for Q1 2015-16** (against the metric being tracked locally - whether the same as within your plan or not)

**Commentary on progress against the metric and details of any changes to the metric including reference to reasons for changing**

#### 7) Understanding Support Needs

This asks what the key barrier to integration is locally and what support might be required in delivering the six key aspects of integration set out previously. This section builds upon the information collected through the BCF Readiness Survey in March 2015. HWBs are asked to:

**Confirm which aspect of integration they consider the biggest barrier or challenge to delivering their BCF plan**

**Confirm against each of the six themes whether they would welcome any support and if so what form they would prefer support to take**

There is also an opportunity to provide comments and detail any other support needs you may have which the Better Care Support Team may be able to help with.

#### 8) Narrative

In this section HWBs are asked to provide a brief narrative on overall progress in delivering their Better Care Fund plans at the current point in time with reference to the information provided within this return.

## Budget Arrangements

**Selected Health and Well Being Board:**

Lancashire

**Data Submission Period:**

Q1 2015/16

**Budget arrangements**

Have the funds been pooled via a s.75 pooled budget?

Yes

If it has not been previously stated that the funds had been pooled can you now confirm that they have?

If the answer to the above is 'No' please indicate when this will happen  
(DD/MM/YYYY)

### **Footnotes:**

Source: For the S.75 pooled budget question which is pre-populated, the data is from the Q4 data collection previously filled in by the HWB.

## National Conditions

Please select  
Yes  
No  
No - In Progress

**Selected Health and Well Being Board:**

Lancashire

**Data Submission Period:**

Q1 2015/16

**National Conditions**

The Spending Round established six national conditions for access to the Fund.  
Please confirm by selecting 'Yes', 'No' or 'No - In Progress' against the relevant condition as to whether these are on track as per your final BCF plan.  
Further details on the conditions are specified below.  
If 'No' or 'No - In Progress' is selected for any of the conditions please include a date **and** a comment in the box to the right

Condition	Please Select (Yes, No or No - In Progress)	If the answer is "No" or "No - In Progress" please enter estimated date when condition will be met if not already in place (DD/MM/YYYY)	Comment
1) Are the plans still jointly agreed?	Yes		
2) Are Social Care Services (not spending) being protected?	Yes		
3) Are the 7 day services to support patients being discharged and prevent unnecessary admission at weekends in place and delivering?	Yes		
4) In respect of data sharing - confirm that:			
i) Is the NHS Number being used as the primary identifier for health and care services?	No - In Progress	30/09/15	Approval has been given by the HSCIC for LCC to have a direct N3 connection and this is now being scheduled. Once in place, we will be able to match our social care records with the NHS numbers which will then be used as the primary identifier. This work is expected to be completed by September.
ii) Are you pursuing open APIs (i.e. systems that speak to each other)?	Yes		
iii) Are the appropriate Information Governance controls in place for information sharing in line with Caldicott 2?	Yes		
5) Is a joint approach to assessments and care planning taking place and where funding is being used for integrated packages of care, is there an accountable professional?	Yes		
6) Is an agreement on the consequential impact of changes in the acute sector in place?	Yes

**National conditions - Guidance**

The Spending Round established six national conditions for access to the Fund:

**1) Plans to be jointly agreed**

The Better Care Fund Plan, covering a minimum of the pooled fund specified in the Spending Round, and potentially extending to the totality of the health and care spend in the Health and Wellbeing Board area, should be signed off by the Health and Wellbeing Board itself, and by the constituent Councils and Clinical Commissioning Groups. In agreeing the plan, CCGs and councils should engage with all providers likely to be affected by the use of the fund in order to achieve the best outcomes for local people. They should develop a shared view of the future shape of services. This should include an assessment of future capacity and workforce requirements across the system. The implications for local providers should be set out clearly for Health and Wellbeing Boards so that their agreement for the deployment of the fund includes recognition of the service change consequences.

**2) Protection for social care services (not spending)**

Local areas must include an explanation of how local adult social care services will be protected within their plans. The definition of protecting services is to be agreed locally. It should be consistent with 2012 Department of Health guidance to NHS England on the funding transfer from the NHS to social care in 2013/14: [https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/213223/Funding-transfer-from-the-NHS-to-social-care-in-2013-14.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/213223/Funding-transfer-from-the-NHS-to-social-care-in-2013-14.pdf)

**3) As part of agreed local plans, 7-day services in health and social care to support patients being discharged and prevent unnecessary admissions at weekends**

Local areas are asked to confirm how their plans will provide 7-day services to support patients being discharged and prevent unnecessary admissions at weekends. If they are not able to provide such plans, they must explain why. There will not be a nationally defined level of 7-day services to be provided. This will be for local determination and agreement. There is clear evidence that many patients are not discharged from hospital at weekends when they are clinically fit to be discharged because the supporting services are not available to facilitate it. The recent national review of urgent and emergency care sponsored by Sir Bruce Keogh for NHS England provided guidance on establishing effective 7-day services within existing resources.

**4) Better data sharing between health and social care, based on the NHS number**

The safe, secure sharing of data in the best interests of people who use care and support is essential to the provision of safe, seamless care. The use of the NHS number as a primary identifier is an important element of this, as is progress towards systems and processes that allow the safe and timely sharing of information. It is also vital that the right cultures, behaviours and leadership are demonstrated locally, fostering a culture of secure, lawful and appropriate sharing of data to support better care.

Local areas should:

- confirm that they are using the NHS Number as the primary identifier for health and care services, and if they are not, when they plan to;
  - confirm that they are pursuing open APIs (i.e. systems that speak to each other); and
  - ensure they have the appropriate Information Governance controls in place for information sharing in line with Caldicott 2, and if not, when they plan for it to be in place.
- NHS England has already produced guidance that relates to both of these areas. (It is recognised that progress on this issue will require the resolution of some Information Governance issues by DH).

**5) Ensure a joint approach to assessments and care planning and ensure that, where funding is used for integrated packages of care, there will be an accountable professional**

Local areas should identify which proportion of their population will be receiving case management and a lead accountable professional, and which proportions will be receiving self-management help - following the principles of person-centred care planning. Dementia services will be a particularly important priority for better integrated health and social care services, supported by accountable professionals. The Government has set out an ambition in the Mandate that GPs should be accountable for co-ordinating patient-centred care for older people and those with complex needs.

**6) Agreement on the consequential impact of changes in the acute sector**

Local areas should identify, provider-by-provider, what the impact will be in their local area, including if the impact goes beyond the acute sector. Assurance will also be sought on public and patient and service user engagement in this planning, as well as plans for political buy-in. Ministers have indicated that, in line with the Mandate requirements on achieving parity of esteem for mental health, plans must not have a negative impact on the level and quality of mental health services.

Plan, forecast, and actual figures for total income into, and total expenditure from, the fund for each quarter to year end (in both cases the year-end figures should equal the total pooled fund)

Selected Health and Well Being Board:

Lancashire

**Income**

		Q1 2015/16	Q2 2015/16	Q3 2015/16	Q4 2015/16	Total Yearly Plan	Pooled Fund

	Actual*	£26,311,333					

Please comment if there is a difference between the total yearly plan and the pooled fund  
n/a

**Expenditure**

		Q1 2015/16	Q2 2015/16	Q3 2015/16	Q4 2015/16	Total Yearly Plan	Pooled Fund
Please provide , plan , forecast, and actual of total expenditure from the fund for each quarter to year end (the year figures should equal the total pooled fund)	Plan	£26,310,948	£23,017,222	£19,945,222	£19,945,222	£89,218,615	£89,218,615
	Forecast	£26,310,948	£23,017,222	£19,945,222	£19,945,222		
	Actual*	£26,310,948					

Please comment if there is a difference between the total yearly plan and the pooled fund  
n/a

Commentary on progress against financial plan:  
Lancashire BCF steering Group have confirmed that actual expenditure is forecast to be in line with plan.

Footnote:

Actual figures should be based on the best available information held by Health and Wellbeing Boards.

Source: For the pooled fund which is pre-populated, the data is from a Q4 collection previously filled in by the HWB.

## Local performance metric and local defined patient experience metric

Selected Health and Well Being Board:

Lancashire

Local performance metric as described in your approved BCF plan	Estimated Diagnosis Rate for Dementia Numbers on QOF registers and dementia prevalence rates by CCG
---	--

Is this still the local performance metric that you wish to use to track the impact of your BCF plan?	Yes
---	-----

If the answer is no to the above question please give details of the local performance metric being used (max 750 characters)	
---	--

	Plan				Actual			
	Q4 14/15	Q1 15/16	Q2 15/16	Q3 15/16	Q4 14/15	Q1 15/16	Q2 15/16	Q3 15/16
Local performance metric plan and actual	10,169	10,169	10,169	10,169	10,070	0		

Please provide commentary on progress / changes:	This metric is not available for Q1 2015/16. The national Dementia Prevalence Tool is under review and has not been updated since March 2015. The tool is being amended to reflect the change in methodology for calculating dementia diagnosis rate. This work is expected to be complete in September; the earliest update will therefore be Q2 2015/16. It is expected that this will change the performance reported in Q1; the percentage rate is 65.7% against a target of 67%.
--	---

Local defined patient experience metric as described in your approved BCF plan	In the last 6 months, have you had enough support from local services or organisations to help you to manage your long-term health condition(s)? (% who responded 'No')
--	---

Is this still the local defined patient experience metric that you wish to use to track the impact of your BCF plan?	Yes
--	-----

If the answer is no to the above question please give details of the local defined patient experience metric now being used (max 750 characters)	
--	--

	Plan				Actual			
	Q4 14/15	Q1 15/16	Q2 15/16	Q3 15/16	Q4 14/15	Q1 15/16	Q2 15/16	Q3 15/16
Local defined patient experience metric plan and actual:	1,101	1,101	1,101	1,101	1,067	1,089		

Please provide commentary on progress / changes:	Performance is on track and an improving trend. In Q1 9.1% of patients responded 'no' to the level of support being sufficient against a target of 9.3%. The next scheduled update of this metric will be in January 2016
--	---

Source: For the local performance metric which is pre-populated, the data is from a local performance metric collection previously filled in by the HWB. For the local defined patient experience metric which is pre-populated, the data is from a local patient experience previously filled in by the HWB.

## Support requests

Selected Health and Well Being Board:

Lancashire

Which area of integration do you see as the greatest challenge or barrier to the successful implementation of your Better Care plan (please select from dropdown)?

6. Developing organisations to enable effective collaborative health and social care working relationships

Please use the below form to indicate whether you would welcome support with any particular area of integration, and what format that support might take.

Theme	Interested in support?	Preferred support medium	Comments - Please detail any other support needs you feel you have that you feel the Better Care Support Team may be able to help with.
1. Leading and Managing successful better care implementation	Yes	Case studies or examples of good practice	
2. Delivering excellent on the ground care centred around the individual	Yes	Case studies or examples of good practice	
3. Developing underpinning integrated datasets and information systems	Yes	Access to technical expertise to troubleshoot issues	
4. Aligning systems and sharing benefits and risks	Yes	Case studies or examples of good practice	
5. Measuring success	Yes	Case studies or examples of good practice

## Narrative

Selected Health and Well Being Board:

Lancashire

Data Submission Period:

Q1 2015/16

Narrative

Remaining Characters

30,839

Please provide a brief narrative on overall progress in delivering your Better Care Fund plan at the current point in time with reference to the information provided within this return where appropriate.

The financial performance of the fund across Lancashire is in line with plan and is being delivered within a fully signed up Section 75 agreement. Assurance has been received from all partners that all national conditions have and are continuing to be met. The exception to this is the use of the NHS Number as Primary identifier for health and social care services, which is planned to be in place by the end of September 2015. The BCF plan continues to provide a focus for delivery across a complex health and social care economy with multiple partner organisations. Our associated governance structure allows us to share progress to date and share best practice in local delivery. Schemes across the economy are at various stages of delivery. Some are well established with robust management arrangements, some where mobilisation has taken longer than planned but where mitigation plans have been put in place. The non-elective metric shows a reduction of c. 1% in the first quarter which is positive at this early stage of the fund. Local Health and Well Being Partnerships and District Councils are extremely keen to understand and participate in the delivery of the BCF. Again this is positive news, and we will be using the outcome of the Quarter 1 report to develop closer buy in of these groups. In particular we will be focusing on how the costs included within the fund can be more effectively used across Health & Social Care - an example being Disabled Facilities Grants which are delivered at District Council level. We are also considering how we will use the Fund in 2016/17 to help us collectively manage some pressing issues that are arising this year, e.g. Learning Disabilities. The Quarter 1 submission has been approved by the Lancashire BCF Steering Group which is directly accountable to the Lancashire Health & Well Being Board. A detailed Q1 report will be submitted to the latter at its next meeting.
