What does this service deliver?

Lancashire's Youth Offending Team (LYOT) is managed by a Partnership Board and delivers, in partnership, statutory services for youth justice and children's social care. The service is provided through a multidisciplinary area based model and consists of staff from the Police, Probation, Health, Education and Social Services. There are also a number of volunteers within the service which support specific areas of delivery.

The service model is derived from the legislative duties outlined in the Crime and Disorder Act 1998 and is subsequently jointly funded partners. The principal aim of the service is to prevent offending by children and young people with local strategic decision and direction primarily made through the Lancashire Youth Justice Management Board. In addition to these partnership arrangements, a significant proportion (36%) of the service functionality is reliant on grant funding drawn down from the Youth Justice Board (YJB). The local authority currently contributes 40% of the total YOT budget.

Specifically the service:

- Assess young people who have committed criminal offences.
- Supervises young people subject to court orders and supports diversionary approaches to prevent anti-social behaviour and offending.
- Supervises and supports young people subject to custodial sentences.
- Works with young offenders to prevent re offending and provides meaningful opportunities.
- Works with victims of crime.
- Ensures both victims and perpetrators of crime are safe.
- Prevents first time offending.
- Reduces the numbers of young people entering custody.

The Appropriate Adult contract fulfils the LA's statutory requirement to provide appropriate adults for children and young people detained or questioned by police officers.
