Proposed risk reserve provision	0.000	0.000	0.000
(discrete year)	0.000	0.000	0.000
Policy Decisions needed to deliver cost	Approval to reduce funding for the monitoring, challenge and		
reductions / income	support function for early years settings from 1 April 2017. Approval to progress the further development of a traded service to support early years settings		
Impact upon service	There is a risk that a reduction in the service could lead to an increase in the number of settings judged to require improvement or to be inadequate and this would limit the Free Early Education offer in some communities, as we do not fund 2, 3 and 4 year old places in inadequate settings		
Actions needed to deliver reductions / income	Reduce funding for the monitoring, challenge and support function for early years settings from 1 April 2017		
	Development of the traded service offer by 31st March 2016		
	Redesign the service and consult on the proposal / structure July 2017		
	Statutory consultation process with Trades Unions with respect to potential for redundancies, July 2016.
