

Summary of Children's Consultation Response Sheet

Please complete and return to the Provision Planning Team by.....

School Name: St George's Chorley

Total number of children consulted: 100

Year group/s consulted: School Council, Year 5, Year 6

Date consultation took place: 30th November 2015

Methods used:

For year 4 & 5 we used the Lancashire questionnaire

For year 6 the consultation was done as part of their Literacy topic – persuasive writing

For school council we interviewed verbally and narrated the results

Overall, what proportion of the participation group found the proposed change:

Positive

82

Negative

18

What were the key issues raised in support of and against the proposal which were gathered from the consultation?

In support of the proposal

More friends

More clubs

"If my school gets bigger there will be more nice people to meet, and more good teachers"

Bigger yard

Smaller classes

More places for the children

Better for church

More modern school

Exciting having builders on site – could be used as an education project

Against the proposal

I don't like change

Hall too small

Car parking for teachers

If the school becomes too popular no one would go to other school

It might spoil the family atmosphere
