Executive Summary

For the year 2015/16, the Pension Fund Committee can take substantial assurance that the Lancashire Pension Fund operates a generally sound system of risk management, governance and internal control.

The annual report for 2015/16, incorporating an outline of the work planned for 2016/17, is included at Appendix 'A' to this report.

Recommendation

The Committee is asked to consider the Internal Audit Service annual report for 2015/16 and approve the outline annual work plan for 2016/17.

Background and Advice

The Internal Audit Service complies with the professional standards of the Chartered Institute of Public Finance and Accountancy, which established Public Sector Internal Audit Standards with effect from 1 April 2013. These are drawn from the Chartered Institute of Internal Auditors' International Professional Practices Framework, comprising a definition of internal auditing, a Code of Ethics, and International Standards.

The Public Sector Internal Audit Standards and supporting Local Government Application Note require a chief internal auditor to deliver an annual opinion and report that can be used to inform the Pension Fund's annual governance statement. The opinion must conclude on the overall adequacy and effectiveness of the organisation's framework of governance, risk management and control. The annual report must incorporate the opinion, a summary of the work that supports the opinion, a statement on conformance with the Public Sector Internal Audit Standards and the results of the quality assurance and improvement programme.

Internal audit assurance

Internal audit assurance is stated in the following terms:

Full assurance: there is a sound system of internal control which is designed to meet the service objectives and controls are being consistently applied.

Substantial assurance: there is a generally sound system of internal control, designed to meet the service objectives, and controls are generally being applied consistently. However some weakness in the design and/or inconsistent application of controls put the achievement of particular objectives
