What were the key issues raised in support of and against the proposal which were gathered from the consultation?

CL1

In support of the proposal

More classrooms so we don't muddle groups up.  
All the people will fit in a new classroom.  
We will have more toys.  
We will meet new people.  
We will have more space to run around and play.  
Can we have a new play area like an indoor play area?

Against the proposal

I don't want a bigger school I like it small.  
I don't want to be walking in all the mud and mess.  
They might not of digged it out properly and it might be unsafe.  
Will the junior playground be gone!

C13

In support of the proposal

I think it should be bigger because more children mean more friends 😊

I think it will be good because we might get a bigger playground

Against the proposal

It is big enough!

24

In support of the proposal

You can make more friends or some of your existing friends can come.  
more people get to learn.

It can help vulnerable people.

It is exciting for children and their parents to come to this school.

We can fit everybody in the hall especially at dinner time and assemblies.  
more space in the hall for P.E. + wet plays + discos.

Against the proposal

The building work will disrupt lessons.  
There might be more bullies coming.

CL 6

In support of the proposal

- meet new friends
- I would prefer to be in a class with same year group.
- It is sometimes difficult to concentrate when there is year 3/4 lessons going on. I would prefer single aged classes.
- Like idea of larger Playground and <sup>an</sup> all weather pitch.

8 unsure.

22 in support.

Against the proposal

- Not sure how much extra space there will be ~~about~~ <sup>for</sup> the additional children
- Will we be split up from our friends?
- How do we concentrate and where will we play whilst the building work is going on?
- Parking and traffic

Cl 80

In support of the proposal 26/30

- simpler for when we are prioritising plays.
- good for SATS - more space for 1:1
- better for Juniors - get more equipment
- meet more people - bigger school
- more space for clubs -
- MUCCA - get football away from playground.
- more chance of local children getting into school
- after school sports clubs can continue despite the weather.

Against the proposal 5/30

- mixed classes are good (Eleanor) because you can have diff friends from diff year groups.
- Parking - not enough space to maneuver (James)
- Size - not enough space as there is.
- Bigger playground means less granny area.
- mixed classes - better for teachers as it is more interesting. (Leifla).
