Executive Summary

The themed work programme for the External Scrutiny Committee is presented at appendix 'A'.

Recommendation

The External Scrutiny Committee is asked to note and comment on the report.

Background and Advice

A statement of the work and potential topics to be undertaken and considered by the External Scrutiny Committee for the remainder of the 2019/20 municipal year is set out at appendix 'A'. The work programme is presented to each meeting for information.

The work programme for 2019/20, will feature a themed approach to some of the Committee's work on climate change and low carbon energy. This follows a resolution by Full Council at its meeting on 28 February 2019, in relation to the Notice of Motion to declare a climate emergency; and an agreement between the Chairs of the External and Internal Scrutiny Committees for this Committee to act on Full Council's call to review the council's operations and to help identify how the council's activities might be made net-zero carbon by 2030.

The work programme is a work in progress document.
