Members were reminded to submit a photo of themselves, along with their job title and role on the Board as per the email that was sent on 21 March 2023 in order to complete the Who's Who of the Board.

### **3. Corporate Parenting and Achieving Permanence**

Young people from LINX (Lancashire's Children in Care Council) and the Care Leavers Forum (CLF) provided an update on their activity to influence service delivery and policy development since the last Corporate Parenting Board meeting in March 2023. They continue to be involved in youth panels for interviews and are continually looking at the process and reviewing these. Their thoughts and experiences for some new top tips for My Home My Place placement requests have been given. They have also reviewed and provided feedback on the homeless flyer as well as providing feedback on participation and why it is important to involve young people and what they would like to be involved with.

Due to high demand, the young people and staff have created a new E-Form in order for people to complete when requesting young people involvement. The form will provide more detail for the young people so they know what is being

asked of them and will support preparation and help to keep a record of involvement which will support them when writing reports and liaising with Ofsted. It is hoped that the E-form will be available from 22 May 2023 and the link will be circulated to Board members.

A review of forum venues, times and age ranges has also been carried out and following feedback it has been agreed that:

LINX (Lancashire's Children in Care Council)

Venues: Fleetwood, Bamber Bridge and Burnley  
Age range: 8-13 and 14-17

Care Leavers Forum (CLF)

Venues: Lancaster, Burnley and Preston

The aim of the review was to reduce complicated sessions and to allow for weekly sessions. Work is still ongoing with regards to all venues being weekly sessions. It is hoped that the new programme will be in place from 1 June 2023.

The Board were asked for support with regards to the Care Leavers Forum who were looking for a venue for the central group that is more accessible and happens every Wednesday night. They felt that the most appropriate location would be County Hall and the Board noted that a written proposal had been sent to Facilities Management, Lancashire County Council requesting that an identified space be allocated to the Care Leavers Forum to use on a weekly basis. The request is in line with Lancashire County Council's Corporate Parenting principles in particular "to help children and young people gain access to, and make the best use of, services provided by the local authority and its relevant partners". The Board agreed with the request being made and requested that the Chair also support this by writing a letter on behalf of the Board.

**Resolved:** That the Chair of Corporate Parenting Board write a letter to Facilities Management, Lancashire County Council on behalf of the Board, supporting the request for the Care Leavers Forum to have an identified space on Wednesday evenings at County Hall.

The Board noted the summer activities that were planned for young people and requested support from members of the Board and whether they had any other ideas for activities. The following activities were already planned, and Board members were encouraged to support and attend the sessions where possible:

- Money and budgeting – 2 August 2023 at Walton-le-Dale Youth Centre with County Councillor Jeff Couperthwaite.
- Open session 8 August 2023 at Burnley Youth Zone and Walton-le-Dale on 19 August 2023 with arts, crafts, games, food, information stands etc.
- Outdoor activities at Hothersall Lodge – 10 August 2023.

- Participation 'conference' to gather ideas and youth voice from care experienced young people from across Lancashire at UCLAN Preston and Burnley College – date to be confirmed.
- Outdoor wellness walks – 8-16 and 17-25 years of age – venues to be confirmed.

It was noted that at a previous meeting the Corporate Parenting Board Golden Rules for reports and presentations had been reviewed and the Board were reminded that they were as follows:

- Always explain why the information is relevant to children in care and care leavers including information about the context, what has changed, the impact on young people and what needs to happen next.
- Use young person friendly language and do not use jargon, abbreviations, or acronyms.
- Explain any tables and charts used so they understand what it means and why it is important for children in our care or care leavers.
- Present information in an interactive way eg use slido, menti, jamboard, worksheets, group discussions or tabletop activities.
- Provide a young person summary if the report is more than 1 page (A4).
- Keep presentations to 10 slides maximum.
- Make sure the presenter allows time for questions within the allocated time slot.
- Always share reports and presentations with LINX/Care Leaver Forum as early as possible, and no later than two weeks before the Corporate Parenting Board meeting.

The Board were informed that this would take effect from the next round of meetings (ie September 2023 Board meeting).

**Resolved:** That the young people were thanked for their presentation and that the Board noted the Summer Activity dates and joined the sessions if possible.

#### **4. Lasting Homes**

Roxanne McAllister, Leaving Care Service, Lancashire County Council provided the Board with an update on Lasting Homes.

The Board noted the following key points around what the data is showing and what is being done to support young people into their homes:

- 91% of young people live in 'suitable accommodation'.
- 20% of young people have lived in 3+ addresses since leaving care.
- 48% of young people have lived in their home for more than 12 months.
- Lancashire County Council commission 374 homes across the county for young people aged 16-25. This is part of a block contract that allows young people to self-fund these homes once they turn 18 years of age.

- There is a Lancashire Care Leavers' Joint Housing Protocol and a Leaving Care Lasting Homes Panel.
- There is a Lancashire House Project.
- There is a Housing Reference Group.
- Work with housing providers and districts to develop new housing projects.
- Personal Advisors build relationships with their young people and work jointly to support them into suitable and stable homes.

The Board were informed of various challenges which were as follows:

- There is limited one bedroom housing stock in Lancashire, particularly for under 25s.
- There are no active plans of any property of this kind being developed, despite 75% of housing applications in some districts being submitted for one-bedroom properties.
- Young people's move on from transitional homes is delayed due to lack of options which is delaying their progress and resulting in lack of availability in this provision.
- In many districts in Lancashire young people do not automatically receive priority banding for social housing.
- Accessing emergency accommodation for those who need it is challenging.

The Board were asked to discuss in groups, one of the following priorities which have been raised after discussions with young people accessing housing provisions. Young people were asked what their priorities were, which do correlate with discussions with Personal Advisors. Young people's priorities were as follows:

- Accessing work or an apprenticeship while in supported accommodation.
- Accessing social housing.
- Emotional preparedness for living alone.
- Practicalities of living in supported accommodation.
- The private housing market and lack of guarantor.

Following the presentation, the following issues/comments were raised:

- As a Board, further research needs to be done with regards to Guarantors and investigate further what other Councils are doing regarding this and then discuss again at a future Board meeting.
- Possible access to two-bedroom properties if one-bedroom homes are not available and discuss this with social housing to include young people with a protected characteristic which would then provide an opportunity to have the same allocation policy of choice-based lettings.
- The Board noted that a motion was taken to Full Council on 23 February 2023 where it was highlighted that there is a campaign to make 'care experienced' a protected characteristic and that several councils across the UK had already supported this campaign and requested that Lancashire County Council support the campaign also.

- Look at having "dummy-run" stays in accommodation in preparedness for living independently.
- Emotional support for young people who are living independently, who they can contact out of hours as well as during the day, having a peer support group or WhatsApp group, possibly older care experienced young people to mentor them.
- To revisit the Staying Put Policy as a Board.

**Resolved:** That the Corporate Parenting Board:

- i) Requested that further research into Guarantors be carried out by the Permanence Service, Lancashire County Council.
- ii) Would revisit the Staying Put Policy at a future meeting of the Board.

## **5. Health and Wellbeing**

Caroline Waldron, NHS Lancashire and South Cumbria Integrated Care Board provided an overview on Health Summaries and the Dental Pilot/Pathways in Lancashire and the plans to ensure that wherever a child lives in Lancashire, they will receive the same health offer.

The Board received a presentation which outlined the following:

What was the driver for a dedicated Children in Care Dental Pathway (Children in Care Pathway 3)?

What are the aims and objectives of the pathway?

How does the pathway work?

- Includes children and young people who are already registered with an NHS dentist.
- Aspiration for the offer to be embedded in all NHS dental practices.
- Project plan to be delivered for implementation of the offer.

**Resolved:** That the Board requested further data on the Dental Pathway at a future meeting.

Caroline Waldron then briefed the Board on the Care Leaver Health Summaries which included a brief outline of what the Care Leaver Health Summaries was which is:

Care leavers should be equipped to manage their own health needs wherever possible. They should have a summary of all health records (including genetic background and details of illnesses and treatments), which suggests how they can access a full copy if required. Information needs to be given to care leavers sensitively and with support, with an opportunity to discuss it with health professionals.

The Board then received an overview of the co-production of care leaver health summaries – an Integrated Care Board approach which is:

- To support co-production principles, a survey to seek the view of the population, children in care and care leavers has been produced in partnership with both Local Authority participation leads and children in care and care leavers.
- The Lundy Participation model is being utilised as the framework to support this approach.
- The final survey has been shared for all young people to complete.
- A series of Teams and face to face workshops supported by comms colleagues and members of the Task and Finish Group are due to be scheduled in May/June 2023.
- Participants will be thanked for their contributions.
- Details of the survey can be accessed via <https://www.smartsurvey.co.uk/s/CLHSL23/>.
- All feedback received will be analysed to inform a future delivery model and redesign of a single Integrated Care Board Care Leaver summary.

Andreas Feldhaar, Permanence Service, Lancashire County Council updated the Board on the Health Network event that was held on 20 April 2023 which involved 27 Services that had supported the event, such as Child Action North-West, Lancaster University, Positive Action in the Community (PAC), Lancashire

County Council as well as others and there were over 260 professionals that had attended, and feedback had been received from over 100 attendees.

Following the event, the Board were informed that the next steps are:

  - 12-month pilot – evaluated by Lancaster University

**Recommendation**

The Corporate Parenting Board is asked to review and approve the revised Constitution, Membership and Terms of Reference as set out at Appendix 'A', which includes the additional responsibility of the Board for overseeing the county council's adoption and implementation of the Care Leavers Covenant 'whole Council approach' following the request of Cabinet on 6 July 2023.

**Detail**

The county council at its meeting of Full Council on 25 May 2023 approved the constitution, membership and terms of reference of the Corporate Parenting Board.

A further meeting of Cabinet was held on 6 July 2023 where it considered a proposal that the county council signed up to and adopted the Care Leaver Covenant's 'whole Council approach', in order to improve the services provided to and opportunities for care leavers (ie Local Offer) with the county council's partners in Lancashire. It was noted that the Care Leaver Covenant was a national inclusion programme that

supported care leavers aged 16 to 25 to live independently. The scheme was funded by the Department for Education and encouraged local authorities and partners to sign up and make pledges to support care leavers. The county council agreed to sign up to the Care Leaver Covenant's 'whole Council approach' and to adopt the five-part strategy, and that the responsibility for overseeing this would be the Corporate Parenting Board and would be added to their Terms of Reference.

The Board's revised Terms of Reference are set out at Appendix 'A'.
