Executive Summary

Lancashire Health and Wellbeing Strategy refresh for consideration by the Board.
Provision of supporting contextual information ahead of the workshop in October 2017.

Recommendation

The Health and Wellbeing Board is recommended to:

- i) Consider and comment on the draft Lancashire Health and Wellbeing Strategy.
- ii) Consider the contextual information provided in the appendices with a view to informing the further development of the Strategy at the forthcoming workshop.

Background

Refresh of the current [Lancashire Health and Wellbeing Strategy](#).

In order to deliver improvement and address the inequalities in the health and wellbeing of Lancashire's citizens and communities, a refresh of the Health and Wellbeing Strategy is required. It is proposed that this Strategy and supporting documents will help to define priority areas of work which will be further developed at the Lancashire Health and Wellbeing workshop on 16 October 2017 and through the engagement of locality health and wellbeing partnerships.
