### **11 December 2018**

#### **Lancashire and South Cumbria Transforming Care Partnership Update**

The report provided an update on the work of the Transforming Care Partnership (TCP); a partnership between all providers and commissioners across Lancashire and South Cumbria (two County Councils, two unitary authorities and eight Clinical Commissioning Groups). The Transforming Care programme was a national programme and had three key aims:

- To improve quality of care for people with a learning disability and/or autism.
- To improve quality of life for people with a learning disability and/or autism.
- To improve community teams capacity to be able to manage more challenging behaviours and so reducing admissions.

**Resolved:** That;

1. The performance against the trajectory for discharge rates, annual health checks (AHC) and Learning Disabilities Mortality Reviews (LeDeR) be noted.
2. A written report and action plan on performance against these targets be presented to the Health Scrutiny Committee in 12 months' time.
