The new Constitution and Terms of Reference was presented to members for discussion. It was felt that broadening the representation on the SACRE would be beneficial and help improve education in schools.

A number of amendments were suggested for the Constitution and Terms of Reference including:-

- In section 9 'Voting', to add an additional point (e) In the event of a tied vote the Chair has the casting vote.
- In Section 3 'Terms of Reference, to add additional text to paragraph (f) The SACRE also has within its powers to discuss any matter related to its functions as it sees fit and may therefore include the provision of RE and Collective Worship in Academies and Free Schools in its discussions or address such matters as may be referred to it.
- Regarding the publication of the SACRE's Annual Report it was felt that it should be sent out electronically to the nominating groups as well.
- In terms of Co-opted members it was felt there should be a representative from primary education, secondary education, higher education, NATRE and the teaching association.
- Regarding Section 6(h) members were informed that copyright extended to all SACRE published meetings and then queried if section 6(h) was needed as the SACRE was a public meeting.

It was pointed out to the SACRE that the new Constitution and Terms of Reference would be submitted to Cabinet for approval. An updated version would be presented to the next full meeting of the SACRE for agreement by members of Lancashire SACRE.

4. SACRE Development Plan

The Lancashire SACRE Development Plan was presented to members. The plan set out SACRE's key priorities (KPs) for improvement over the two years from 2018 – 2020. Progress in implementing the plan was evaluated on an ongoing basis so that priorities could be adjusted and revised as needed.

KP1 was to raise standards by improving the quality of teaching, learning and assessment in RE. Regarding objective 1.1, the paper copy of the agreed syllabus was being revised. 35 of the 49 exemplifications had been rewritten. In terms of objective 1.2, there had been more SACRE school visits and the subject leaders in each school were now established and known. Teachers liked the progression overviews in objective 1.3. The task of objective 1.4 needed to be adapted to support schools in fulfilling the implementation requirements of the

new Education Inspection Framework. There needed to be an evaluation on all conferences regarding objective 1.5. Regarding KP1 steady pace was being made against the overall target.

KP2 was about the SACRE working in effective partnership with the local authority to monitor and evaluate standards and the equality of provision for RE in Lancashire schools. The evaluation of KP2 stated that Lancashire SACRE continued to use a range of methods to monitor the quality and impact of RE teaching across Lancashire. The next steps were to gather the views of pupils via Youth Voice and to consider a response using NASCRE guidance when a school was identified as not fulfilling its statutory requirements.

KP3 was about improving the provision of Collective Worship. Objectives 3.1 and 3.2 had not yet been addressed.

KP4 was to ensure that the SACRE was effectively managed and worked in close cooperation with the local authority and other key stakeholders. The SACRE evaluated itself on this. It would come back to a future meeting

KP5 was to develop the contribution of RE to Community Cohesion. It was noted that the new Service Level Agreements were about to be issued. There had been engagement this year with 28 primary schools and 2 secondary schools.

5. 10 Minute Break and Networking Opportunity

No break for networking opportunities was taken.

6. Monitoring Arrangements (End of Key Stage 1 and 2 expectations)

Regarding the monitoring arrangements concerning end of Key Stage 1 and 2 expectations, schools had been asked to send in their attainment data by the end of October. A questionnaire was also provided for schools to complete.

7. Building Bridges Update Report

Ms Sajda Majeed updated the SACRE on the work ongoing by Building Bridges in regards to schools that had service level agreements with the organisation. The SACRE was informed that 28 primary schools, 2 secondary schools and 1 college had all signed up to the Building Bridges project. Regarding the college, it was noted that Nelson and Colne College had merged with Accrington College.

A RE Ambassador for the North was also present at the conference. There was a presentation on why young people should commemorate memorial events and also a presentation on a school in Cumbria.
