

REPORT OF THE LANCASHIRE COMBINED FIRE AUTHORITY

14TH DECEMBER 2020

1. AERIAL APPLIANCE STRATEGY

Members considered an overview of aerial appliance provision and the key drivers for change based on the ability to manage risk in Lancashire, cognisant of learning emerging from the Grenfell Tower inquiry and other incidents of national significance. Detailed proposals for changes to the current aerial fleet were considered and investment approved to strengthen response arrangements while providing an effective and efficient distribution of the assets across the county.

2. ANNUAL STATEMENT OF ASSURANCE

The Fire and Rescue National Framework for England (2018) sets out the Government's high-level expectations, priorities and objectives for Fire and Rescue Authorities (FRA's) in England. Included within the framework is the requirement on all FRA's to provide assurance on financial, governance and operational matters.

The Statement of Assurance was considered and approved by Members. It provided the required accountability and transparency to our communities and the Government that Lancashire Fire and Rescue Service (LFRS) continued to deliver efficient and effective value for money services.

This statement sat alongside the Integrated Risk Management Plan (IRMP), Statement of Accounts, the Annual Governance Statement, the Annual Service Plan and Annual Progress Report. It detailed what measures were in place to assure that the Combined Fire Authority's performance was efficient, economic, and effective and provided further evidence that LFRS continued to deliver under the expectations detailed within both the National Framework and its own IRMP.
