

STATEMENT OF REASONS

Pendle

(Bent Lane, Colne)

"The purpose of this proposed order is to prevent obstructive parking which could impede emergency access and passage to the primary school. Overall improving safe passage on this road for any class of traffic including pedestrians."

Reasons under Sect 1 RTRA 1984

- (a) for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising
- (c) for facilitating the passage on the road or any other road of any class of traffic (including pedestrians)

JUSTIFICATION STATEMENT

The TRO is required to maintain emergency access to Christ Church School and has been requested by the fire and rescue service in order for them to sign of the new school extension under Building Regulations.

There has been a temporary TRO in place in the interim period until the TRO could be advertised.

The only people affected would be the residents and people attending the school who would all be able to see the site notices. Bent lane is a narrow quiet lane with very low numbers of non-residential through traffic. Therefore it is considered that there is no risk connected to the present Covid-19 restrictions that will compromise the advertisement of these measures.
