Planned Overtime:

A Head of Service may approve in advance, and in exceptional recorded circumstances, the working of planned overtime for a period not exceeding six months in any financial year in respect of specified groups of employees who do not qualify for overtime payments, subject to the availability of sufficient budgetary resource.

Remuneration for planned overtime will be at the rate of time + 25% related to Scp 19, or at plain time rates relative to the employee's personal salary, whichever is the greater.

If, exceptionally, an employee is required to work planned overtime on a Statutory or Extra Statutory Holiday, remuneration will be at the rate of time + 50% related to Scp 19 or at plain time rates relative to the employee's personal salary, whichever is the greater.

Employees Called Upon to Return to Work:

Employees graded Scp 19 and below who are called upon to return to work outside their normal working hours in certain prescribed emergency situations, including the activation of intruder alarm systems, will receive a minimum payment of 2 hours at the overtime rate appropriate to the particular day, together with the payment of appropriate travelling expenses (including taxi fares, where necessary).

In non-emergency situations, normal overtime or time off arrangements will apply.

Employees paid above Scp 19 who are called upon to return to work in certain prescribed emergency situations, including the activation of intruder alarm systems, would receive a minimum payment per occasion of 2 hours at planned overtime

rates. Appropriate travelling expenses are payable, with time in excess of 2 hours being calculated on the basis of the elapsed period between departure from home and arrival back home.

Night Work:

Employees who work at night as part of their working week are entitled to receive an enhancement of 25% for all hours worked between 11pm and 8am subject to the start time being before 6am.

The night work enhancement shall be payable, where appropriate, in addition to the enhanced rates of pay, for work, as part of the normal working week, on Saturday and on Sunday. The night work allowance does not apply to shift workers.

Shift Working:

'Shift Worker' means an employee who works on rotating shifts in immediate succession normally covering a period of twenty four hours or on alternating shifts either in immediate succession or overlapping but covering a portion of twenty four hours only. In both cases, the enhancement is only payable where an employee covers all shifts.

A rotating shift enhancement of 10% will be payable where:

- The total period covered by the shift is 18 hours or more;
- At least four hours are worked between 8pm and 6am;

An alternating shift enhancement of 10% will be payable where:

- The total period covered by the shifts is 11 hours or more;
- There are at least four hours between the starting time of the earliest and latest shifts;
- The number of 'normal office hour' shifts does not exceed one half (i.e. 1 in 2) of the total number of shifts. Normal office hours will be as determined by the service concerned.
- The shift pattern must vary by at least 33.3% (i.e. 1 in 3 shifts must vary).

Split Duty:

Employees, whose normal daily duty necessitates more than one attendance with a continuous break between attendances of not less than two hours, including the normal break, shall be paid an additional 5p per hour for all hours worked during such spread over duty. The payment shall not be taken into account in calculating payments in respect of overtime and shall not apply to employees called upon to return to work or employees engaged on night work.
