	<p>Agenda Item 16 - Adult Social Care Short Breaks Policy</p> <p>Can the Cabinet Member advise which advocacy groups were consulted on these changes to the adult social care short breaks policy?</p>	<p>The refreshed Short Breaks policy makes reference to implementing best practice in relation to applying a strength-based social care practice model and charging for adult social care in accordance with the Care Act.</p> <p>Whilst neither elements require the Council to consult, Adult Social Care have written to those in receipt of a short breaks service to inform them of the future direction around charging.</p>
