**Brief Summary**

After considering objections from the residents and local councillors, officers propose to withdraw the proposal to introduce a Prohibition of Waiting on Lytham Road.

**Recommendation**

Cabinet is asked to approve the withdrawal of the proposal to introduce a Prohibition of Waiting on Lytham Road, Freckleton.

**Detail**

The original request for the Prohibition of Waiting along Lytham Road was being pursued as part of a s278 Agreement under the Highways Act 1980 as part of the erection of a retail unit development which will introduce further traffic movements at the junction of the proposed units.

The purpose of the proposal was to try and pre-empt any possible issue the development may generate with either cars waiting or access and egress of delivery vehicles. These measures would mitigate parking in the adjacent areas preventing congestion and potential road safety issues in and around the frontage of the site.

During the consultation period a number of objections have been received. Having considered the objections, officers are now proposing to withdraw the proposal.

## Appendices

Appendices 'A' - 'B' are attached to this report. For clarification they are summarised below and referenced at relevant points within this report.

Appendix	Title
Appendix 'A'	Notice of Proposal
Appendix 'B'	Plan

## Consultations

Formal consultation was carried out between 25 January 2024 and 22 February 2024, with proposals advertised in the local press and notices displayed on site. Divisional county councillors were consulted along with the council's usual consultees and the consultation documents were posted on the council's website.

## Objections

During the consultation period objections were received from the local councillors and residents raising concerns that residents who live on a terrace on the road, that is a no through road, will be unable to park.

## Officer's Response

The original request for the waiting restrictions was to try and pre-empt any possible issue the development may generate with either cars waiting or access and egress of delivery vehicles at the expense of the developer.

Having considered the objections, officers are proposing to now withdraw the proposal.

## Implications:

This item has the following implications, as indicated:

### Legal

There are no legal implications for the county council.

### Financial

These proposals were linked to the new housing development and are being funded from the Section 278 monies by the developer, as such there is no financial implication for the county council.

### Risk management

Any possible issue the development may generate with either cars waiting or access and egress of delivery vehicles would need to be assessed in the future for

consideration of restrictions in accordance with the current Service Offer and procedures.
