Detail

On 16 December 2021, Full Council approved the reintroduction of the Local Member Grants Scheme. Under the scheme, each county councillor has been given a specific budget which they can spend to enhance the economic, social, and environmental well-being of people who live in their division. Following the reintroduction, using powers in the Local Government and Public Involvement in Health Act 2007, the Leader of the County Council has authorised individual county councillors to take formal decisions on behalf of the county council.

For the financial year 2024/25, each county councillor has a budget of £2000. Each councillor can also carry forward a maximum of £200 that was unspent in the previous financial year. County Councillor Carole Haythornthwaite's total budget is set out in the financial section of the report.

This award recognises, champions, and promotes outstanding groups whose volunteering work has a real impact at a grassroots level in communities across the UK.

Accrington Stanley Football Club provides a local identity and has historically provided a distraction from the toil and underdeveloped living and working conditions experienced by many.

Accrington Stanley, a founding member of the Football League in 1888, has established a longstanding relationship with the local community, and it's a symbol of civic pride.

OASST's outstanding work and projects have made a significant impact on the local community. They serve as the voice and body of the fans to bring about positive changes within the football club. Their latest project aims to erect signage around the football stadium to assist visiting fans with navigation around the club site.

The funds will benefit the people in the councillor's division by improving the experience of all visitors travelling to the club from throughout the borough, thus maximising the use of the football club's facilities.

Please give a detailed breakdown of your expenditure for your activity / equipment.

£2,000 to be spent on signage.

If you are not asking for the full amount of the cost of your activity / equipment, please give us details of where the rest of the funding is coming from. Please also explain what you will do if we give you the grant, but you do not get the other funding.

The organisations' own funds will be used to cover the rest of the balance.

If the councillor offers a grant of less than you have asked for, please explain below how that will affect your proposal – for example, will you still be able to complete your project or purchase, will you scale the project back, or seek funding elsewhere?

We will continue to search for funding to make up the balance, however, this is a difficult item to find funding for.
