Brief Summary

The Health and Adult Services Scrutiny Committee will receive a presentation (attached at Appendix 'A') from NHS colleagues on the Shaping Care Together Programme.

Recommendation

The Health and Adult Services Scrutiny Committee is asked to consider the information provided with a view to identifying future reporting mechanisms.

Detail

Information on the Shaping Care Together Programme has previously been presented to the Health Scrutiny Steering Group with a view to determining a timeline for future reports to the full committee to discuss more formal proposals.

This presentation signifies the beginning of a more formal process to which committee members will be asked to establish whether the proposals to be put forward could be viewed as a substantial variation to services.

This programme would sit across two ICB's, NHS Cheshire and Merseyside and NHS Lancashire and South Cumbria. As such, information that has been presented to Sefton Council on the programme (including minutes with details of the discussions held) and can be found via the link below at Item 4:

[Sefton Home](#)

The presentation (attached at Appendix 'A') provides members with a background to the programme, along with the case for change and the programme timeline, which provides members with a potential timescale leading up to the Pre Consultation Business Case (PCBC).

Attached at Appendix 'B', further detail can be found on the Urgent and Emergency Care case for change.

The Committee is asked to consider the information provided with a view to identifying future reporting mechanisms.
