

# Integrated Care Strategy

## Domain Sponsors

07 October 2024

# Domain Sponsors

At the ICP Development session, held in June 2024, members recognised the need to better connect the ICPs ‘line of sight’ to existing governance, partnerships and delivery mechanisms, to strengthen our assurance of where and how the Integrated Care Strategy is being delivered. We are proposing the introduction of domain sponsors to enable this, linking delivery of the strategy on a place, place-plus and/or systemwide footprint.

|                      |  |
|----------------------|--|
| <b>Starting Well</b> | Give our children the best start in life, supporting them and their families with problems that affect their health and wellbeing, and getting them ready to start school. |
| <b>Living Well</b>   | Reduce ill health and tackle inequalities across mental and physical health for people of all ages by understanding the cause of these unfair differences.                 |
| <b>Working Well</b>  | Increase ambition, aspiration and employment, with businesses supporting a healthy and stable workforce and employing people who live in the local area.                   |
| <b>Ageing Well</b>   | Support people to stay well in their own home, with connections to their communities and more joined up care.  |
| <b>Dying Well</b>    | Encourage all our residents to feel comfortable in talking about planning for dying, and to be well-supported when a loved one dies.                                       |

# Domain Sponsors

## Criteria

- Existing member of the Integrated Care Partnership.
- Member of boards/committees relevant to domain objectives, ideally at system level.
- Able to bring the subject matter to life – provide a system overview/picture to the ICP of what is happening, where and by whom.

## Role

- Support and direct the mapping of delivery against the Integrated Care Strategy priorities.
- Helping ICP members to understand existing governance and delivery mechanisms within their domain.
- Champion the needs of those within their specific domain within ICP meetings.
- Act as a connector between the ICP and wider system partners and governance.
- Support the development of a forward plan for the ICP.
- Provide topical/timely strategic level updates.
- Apply system thinking, acting in a way that is organisationally agnostic.
